Jorge Otero Pailos The Ethics Of Dust:

Jorge Otero-Pailos Eva Ebersberger, Daniela Zyman, 2009 Estoy interesado en cómo hacemos la transición como personas de una fase de la vida a otra y como culturas de un período histórico a otro Las transiciones son a menudo difíciles tal vez incluso atemorizantes Con esta presentación podemos imaginar que el trabajo del arquitecto artista Jorge Otero Pailos será diferente especialmente respecto a cómo entendemos el paso del tiempo de la arquitectura en la historia The Ethics of Dust evidencia la limpieza del polvo y los residuos de contaminación de reconocidos edificios y monumentos históricos Haciendo visible lo invisible **Jorge Otero-Pailos: The Ethics of Dust**, 2009 **Jorge Otero-Pailos**, 2016 The Explicit Material Hanna B. Hölling, Francesca G. Bewer, Katharina Ammann, 2019-05-20 The Explicit Material gathers varied perspectives from the discourses of conservation curation and humanities disciplines to focus on aspects of heritage transmission and material transitions The authors observe and explicate the myriad transformations that works of different kinds manuscripts archaeological artefacts video art installations performances film and built heritage may undergo changing contexts changing matter changing interpretations and display Focusing on the vibrant materiality of artworks and artefacts The Explicit Material puts an emphasis on objects as complex constructs of material relations By so doing it announces a shift in sensibilities and understandings of the significance of objects and the materials they are made of and on the increasingly blurred boundaries between the practices of conservation and curation **Maintenance Architecture** Hilary Sample, 2016-12-09 An inventive examination of a crucial but neglected aspect of architecture by an architect writing to architects Maintenance plays a crucial role in the production and endurance of architecture yet architects for the most part treat maintenance with indifference The discipline of architecture values the image of the new over the lived in the photogenic empty and stark building over a messy and labored one But the fact is homes need to be cleaned and buildings and cities need to be maintained and architecture no matter its form cannot escape from such realities In Maintenance Architecture Hilary Sample offers an inventive examination of the architectural significance of maintenance through a series of short texts and images about specific buildings materials and projects Although architects have seldom choose to represent maintenance imagining their work only from conception to realization artists have long explored subjects of endurance and permanence in iconic architecture Sample explores a range of art projects by artists including Gordon Matta Clark Jeff Wall and Mierle Laderman Ukeles to recast the problem of maintenance for architecture How might architectural design and discourse change as a building cycle expands to include post occupancy Sample looks particularly at the private home exhibition pavilion and high rise urban building giving special attention to buildings constructed with novel and developing materials technologies and precise detailing in relation to endurance These include Buckminster Fuller's Dymaxion House 1929 the Lever House 1952 the U S Steel Building 1971 and the O 14 2010 She considers the iconography of skyscrapers maintenance workforces both public and private labor saving technology and devices and contemporary

architectural projects and preservation techniques that encompass the afterlife of buildings A selection of artworks make the usually invisible aspects of maintenance visible from Martha Rosler's *Cleaning the Drapes* to Inigo Manglano Ovalle's *The Kiss*
