Q We just saw the movie *Twelve Monkeys*. It was brilliant. I don't know if you've seen it, but it's about time travel. I'm wondering if you can tell me if it's possible to travel back in time. I mean, I know it's not possible to travel forward in time, but what about backward?

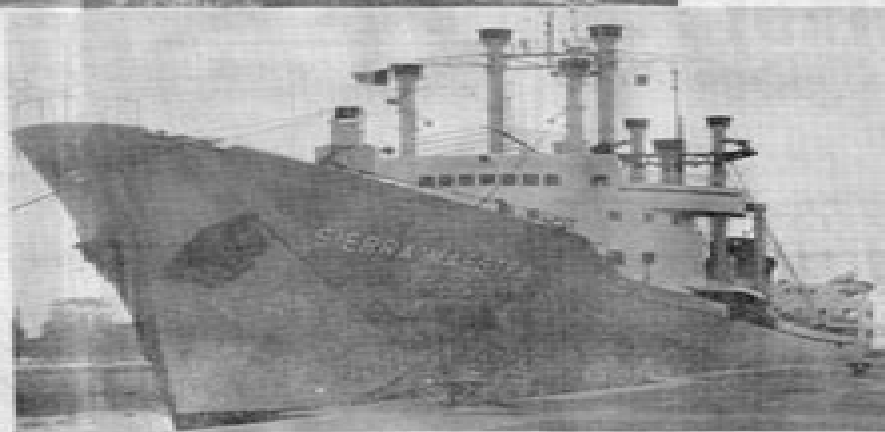

A Well, it's a good question. The answer is, it's not possible to travel back in time. The reason for this is that time is a one-way street. It only goes forward. You can't go back. It's like a river. You can't go upstream. You can only go downstream. So, no, it's not possible to travel back in time.
