Disability in the Media Tracy R. Worrell, 2018-03-30 Disability in the Media Examining Stigma and Identity looks at how disabilities are portrayed within the media and how individuals with disabilities are affected by their representation The effects of media representation can be seen both at the level of the individual with effects on self identity for those with a disability and at the level of society as a whole with these portrayals playing a role in the social construction of disability often further stigmatizing individuals with disabilities On all levels research has ended with a call to media producers asking those in the entertainment industry to think about how they are portraying disability to hire actors with disabilities and to realize that the supercrip may not always be the most positive

portrayal of disability This book looks at the current status of disability representation in television and the popular press offering case studies that examine their effect on individuals with disabilities and making suggestions for improving media representation and battling the perpetuation of social stigmas **Encyclopedia of Disability** Gary L Albrecht,2006

Presents current knowledge of and experience with disability across a wide variety of places conditions and cultures to both the general reader and the specialist **The Disabled, the Media, and the Information Age** Jack Nelson,1994-06-14

How have disabled Americans been portrayed by the media through the years and how are images and the role of the handicapped changing Jack Nelson and a series of experts in communication and the disabled offer an easy to read overview of key issues continuing problems new opportunities and new technological tools Professionals and teachers in communication along with experts and general readers interested in public policy and social issues will find this short study with its illustrations descriptions and lists of organizations and its bibliographical materials a handy reference
