Library of Parliament,1923 **The Scarlet Plague** Jack London London,2016-08-22 THE way led along upon what had once been the embankment of a railroad But no train had run upon it for many years The forest on

either side swelled up the slopes of the embankment and crested across it in a green wave of trees and bushes The trail was as narrow as a man's body and was no more than a wild animal runway Occasionally a piece of rusty iron showing through the forest mould advertised that the rail and the ties still remained In one place a ten inch tree bursting through at a connection had lifted the end of a rail clearly into view The tie had evidently followed the rail held to it by the spike long enough for its bed to be filled with gravel and rotten leaves so that now the crumbling rotten timber thrust itself up at a curious slant Old as the road was it was manifest that it had been of the mono rail type The American Novel in France, 1919-1939 Jane V. Moriarty, 1954 Ex Libris, 1923 **Livre Bilingue** Jack London, 2017-12-11 Livre bilingue La peste écarlate Jack London, 2025-07-30 En l'an 2073 un vieil homme nommé James Howard Smith ancien professeur d'université erre dans les ruines de la baie de San Francisco en compagnie de ses petits enfants Vêtus de peaux de bêtes et armés d'arcs rudimentaires ils survivent dans un monde retourné à l'état sauvage Soixante ans plus tôt en 2013 une pandémie fulgurante surnommée la Peste écarlate a décimé l'humanité provoquant l'effondrement de la civilisation Le récit la fois roman d'anticipation et dystopie explore les conséquences d'une catastrophe sanitaire mondiale sur la société humaine La pandémie en anéantissant les structures sociales et culturelles a laissé place à un monde où la survie prime sur la connaissance Les rares survivants regroupés en tribus ont perdu le souvenir de l'ancien monde travers les souvenirs du vieil homme le lecteur découvre les tapes de la désintégration sociale la panique initiale l'impuissance des autorités la fuite des villes et la régression vers la barbarie Le contraste entre le passé technologique et le présent primitif souligne la fragilité de la civilisation face des menaces imprévues Jack London avec une plume visionnaire offre une réflexion sur la résilience humaine et la possibilité de reconstruire un monde meilleur Ce récit post apocalyptique bien que rédigé au début du XXe siècle résonne avec une tonnante modernité interrogeant notre rapport au progrès la nature et la mémoire collective La Peste écarlate s'inscrit dans les catégories de la littérature post apocalyptique des romans d'anticipation et des récits dystopiques offrant une lecture captivante et profonde sur les dérives possibles de notre société La peste écarlate Jack London, 2006 L'homme a toujours été ou cauchemard sur le cataclysme qui l'emporterait et sur sa responsabilité en la matière Dans cette Peste écarlate qui constitue l'essentiel de ce recueil nous voici en l'an 2073 Un vieil homme ancien professeur d'université San Francisco raconte son petit fils les événements terribles qu'il a vécus En 2013 un virus inconnu a ravagé la planète et détruit toute civilisation Seuls quelques survivants ont assuré la perpétuation de l'espèce Il n'y a plus que quelques centaines d'hommes presque revenus à l'état sauvage Les enfants ne savent ni lire ni écrire Il faut se défendre contre les bêtes sauvages chercher sa nourriture et les rapports humains sont totalement bouleversés Pourtant malgré une vision effroyablement pessimiste de l'humanité Jack London laisse entrevoir une lueur d'espoir l'issue de ce récit peut être les livres tous ces livres ce savoir patiemment recueilli dans une grotte par le vieillard assureront ils la régénération de l'homme Mais ce dernier après avoir retrouvé sa puissance risque de se détruire de nouveau lui-même Ce court roman écrit en 1914 deux ans avant la mort de Jack London se situe dans la tradition du récit

apocalyptique qu'on peut faire remonter la Bible et qui s'est largement perpétué jusqu'aujourd'hui du Malevil de Robert Merle à la série des Mad Max. Et même s'il porte l'empreinte de son époque de cette guerre dont on sait alors qu'elle va s'ternir ainsi que celle de son auteur humaniste socialiste convaincu, le roman résonne toujours d'une effroyable modernité. La Peste écarlate est suivi du Dieu rouge, autre court roman, et de trois autres nouvelles. *Le Thyrs*, 1924. *La nouvelle revue Française*, 1924. **Nouvelle Revue Française**, 1924. *The Scarlet Plague: Annotated* Jack London, 2019-02-21. The story takes place in 2073, sixty years after an uncontrollable epidemic, the Red Death, has depopulated the planet. James Smith is one of the survivors of the era before the scarlet plague hit and is still left alive in the San Francisco area and he travels with his grandsons Edwin Hoo Hoo and Hare Lip. His grandsons are young and live as primeval hunter-gatherers in a heavily depopulated world. Their intellect is limited as are their language abilities. Edwin asks Smith whom they call Granser to tell them of the disease, alternately referred to as scarlet plague, scarlet death, or red death. Smith recounts the story of his life before the plague when he was an English professor. In 2013, the year after Morgan the Fifth was appointed President of the United States by the Board of Magnates, the disease came about and spread rapidly. Sufferers would turn scarlet, particularly on the face, and become numb in their lower extremities. Victims usually died within 30 minutes of first seeing symptoms. Despite the public's trust in doctors and scientists, no cure is found, and those who attempted to do so were also killed by the disease. The grandsons question Smith's belief in germs causing the illness because they cannot be seen. Smith witnesses his first victim of the scarlet plague while teaching when a young woman's face turns scarlet. She dies quickly, and a panic soon overtakes the campus. He returns home but his family refuses to join him because they fear he is infected. Soon an epidemic overtakes the area, and residents begin rioting and killing one another. Smith meets with colleagues at his college's chemistry building where they hope to wait out the problem. They soon realize they must move elsewhere for safety and begin trekking northward. Shortly, Smith's entire party dies out, and he is left as the sole survivor. He lives for three years on his own with the company of a pony and two dogs. Eventually, his need for social interaction compels him back to the San Francisco area in search of other people. He finally discovers a sort of new society has been created with a few survivors who have broken into tribes. Smith worries that he is the last to remember the times before the plague. He reminisces about the quality of food, social classes, his job, and technology. As he realizes his time grows short, he tries to impart the value of knowledge and wisdom to his grandsons. His efforts are in vain, however, as the children ridicule his recollections of the past, which sound totally unbelievable to them. *La Peste écarlate - Jack London* Jack London, 2021-10-06.
