## La Philosophie Du Porc Et Autres Essais:

La philosophie du porc et autres essais Xiaobo Liu, 2011 Liu Xiaobo n'a pas crit de livre pr sentant l'essentiel de ses idées. Il s'est exprimé par des articles publiés soit dans la presse de Hong Kong soit sur le net. Le pr sent recueil comporte une introduction retraçant sa biographie puis une quinzaine d'articles rpartis dans les cinq parties pr sent es ci dessous. Une bibliographie et une chronologie le compl tent pour en faire l'ouvrage de r f rence sur le plus important dissident chinois. R flexions sur la litt rature dans La crise l'article qui l'a fait conna tre en 1986. Liu Xiaobo d nonce la litt rature de cicatrices alors glorifi e par le r gime. Cet article contient ses idées fondamentales sur la litt rature. Le mouvement pour la d mocratie de 1989 il a profond ment bouleversé les conceptions politiques et philosophiques de Liu Xiaobo. Nous pr sentons ses r flexions sur ce mouvement notamment sur le r le des simples citoyens dans la politique. Cette exp rience l'a conduit entreprendre une r flexion critique sur les formes de la r sistance au totalitarisme. Vivre dans la v rit et la philosophie du porc c'est surtout pour ses r flexions sur la nature du r gime post totalitaire que Liu s'est fait conna tre depuis 2000. Nous pr sentons ses articles sur l'id ologie du r gime sa description de la schizophr nie qui s'empare des cadres du r gime autant que des intellectuels et sa critique de ce qu'il qualifie de philosophie du porc cette vision du monde qui a conduit les intellectuels se laisser acheter par le parti communiste. La soci t civile si Liu Xiaobo est tr s critique de l'attitude des intellectuels il ne perd cependant pas espoir car il estime que la soci t chinoise a montr sa capacit de r sistance au post totalitarisme. M me si elle ne correspond pas aux crit res d finis par les politologues une forme de soci t civile est apparue en Chine qui par sa pression informelle a conduit le pouvoir accorder un certain nombre de droits aux citoyens. La Charte 08 et les 6 articles qui ont conduit Liu la prison ainsi que sa plaidoirie devant le tribunal. La philosophie du porc et autres essais Liu

Xiaobo, 2011-03-31T00:00:00+02:00 Le dissident chinois Liu Xiaobo a t condamn en d cembre 2009 onze ans de prison pour avoir pr n une volution pacifique de la Chine vers la d mocratie. On lui reproche d tre l'un des r dacteurs de la Charte 08 texte baptis ainsi en r f rence la Charte 77 tch coslovaque. Son arrestation puis sa condamnation ont suscit nombre de protestations dans le monde. Il a re u le prix Nobel de la paix qu'il a d di aux mes errantes du 4 Juin. Les textes pr sent s ici t moignent de la grande force d me de Liu Xiaobo et de la pertinence de ses analyses du r gime politique chinois. *La philosophie du porc et autres essais* Xiao bo Liu, 2011 *A Life Course Perspective on Chinese Youths* Sandra V.

Constantin, 2024-05-28 This open access book investigates from a life course perspective the individualization process and the challenges faced by young adults in post collectivist China where people are enjoined to liberate jiefang their individual capacities to rely on themselves kao ziji and to no longer depend on the state kao guojia. Based on unique quantitative and qualitative data this book provides a solid empirical portrait of Chinese youths and transformation of social policies in post collectivist China. This book will be a great resource to students academics as well as social scientists and policy makers who wish not only to understand how in such a short period of time young adults and their families have managed to navigate

from a relatively egalitarian society to one of the most unequal but also how the articulation between socialist and neoliberal ideologies is reconfiguring social and economic relations as well as women's and men's life course. The basis of the English translation of this book from its French original manuscript was done with the help of artificial intelligence. A subsequent human revision and rewriting of the content was done by the author.

**The Routledge Companion to Yan Lianke**  
Riccardo Moratto, Howard Yuen Fung Choy, 2022-03-10 Yan Lianke is one of the most important prolific and controversial writers in contemporary China. At the forefront of the mythorealist Chinese avant-garde and using absurdist humor and grotesque satire, Yan's works have caught much critical attention not only in the Chinese mainland, Hong Kong, and Taiwan but also around the world. His critiques of modern China under both Mao era socialism and contemporary capitalism draw on a deep knowledge of history, folklore, and spirituality. This companion presents a collection of critical essays by leading scholars of Yan Lianke from around the world, organized into some of the key themes of his work: Mythorealism, Absurdity, and Spirituality, and History and Gender, as well as the challenges of translating his work into English and other languages. With an essay written by Yan Lianke himself, this is a vital and authoritative resource for students and scholars looking to understand Yan's works from both his own perspective and those of leading critics.

Popular Memories of the Mao Era  
Sebastian Veg, 2019-01-10 The present volume provides an overview of new forms of popular memory in particular critical memory of the Mao era. Focusing on the processes of private production, public dissemination, and social sanctioning of narratives of the past in contemporary China, it examines the relation between popular memories and their social construction as historical knowledge. The three parts of the book are devoted to the shifting boundary between private and public in the press and media; the reconfiguration of elite and popular discourses in cultural productions, film, visual art, and literature; and the emergence of new discourses of knowledge through innovative readings of unofficial sources. Popular memories pose a challenge to the existing historiography of the first thirty years of the People's Republic of China. Despite the recent backlash, these more critical reflections are beginning to transform the mainstream narrative of the Mao era in China. Public discussions of key episodes in the history of the People's Republic, in particular the Anti-Rightist Movement of 1957, the Great Famine of 1959-1961, and the Cultural Revolution, have proliferated in the last fifteen years. These discussions are qualitatively different from previous expressions of traumatic or nostalgic memories of Mao in the 1980s and the 1990s, respectively. They reflect a growing dissatisfaction with the authoritarian control over history exercised by the Chinese state, and often they make use of the new spaces provided for counter-hegemonic narratives by social media and the growing private economy in the 2000s. Unofficial or independent journals, self-published books, social media groups, independent documentary films, private museums, oral history projects, and archival research by amateur historians, all of which analyzed in this collection, have contributed to these embryonic public or semi-public dialogues. An excellent guide to the independent journalism, cultural production, and amateur histories that are transforming the mainstream narrative of the Mao era in China.

Rich in detail and sound in analysis these studies document the emergence of critical memory in Chinese society A valuable resource for students and scholars Timothy Cheek University of British Columbia author of *The Intellectual in Modern Chinese History* Popular memories of the Mao era are signposts of contemporary politics and culture This volume features exciting new research by distinguished scholars Extremely rich and readable the chapters in this collection illuminate both China s past and present A timely and important contribution Guobin Yang University of Pennsylvania author of *The Red Guard Generation and Political Activism in China*

**Stalin and Mao** Lucien Bianco, 2018-03-15 China s ascent to the ranks of the world s second largest economic power has given its revolution a better image than that of its Russian counterpart Yet the two have a great deal in common Indeed the Chinese revolution was a carbon copy of its predecessor until Mao became aware not so much of the failures of the Russian model but of its inability to adapt to an overcrowded third world country Yet instead of correcting that model Mao decided to go further and faster in the same direction The aftershock of an earthquake may be weaker but the Great Leap Forward of 1958 in China was far more destructive than the Great Turn of 1929 in the Soviet Union It was conceived with an idealistic end but failed to take all the possibilities into account China s development only took off after and thanks to Mao s death once the country turned its back on the revolution Lucien Bianco s original comparative study highlights the similarities the all powerful bureaucracy the over exploitation of the peasantry which triggered two of the worst famines of the 20th century control over writers and artists repression and labor camps The comparison of Stalin and Mao that completes the picture leads the author straight back to Lenin and he quotes the observation by a Chinese historian that If at all possible it is best to avoid revolutions altogether
