The recent news surrounding school shootings and previous accidents of police violence has brought back the debate about police equipment and functions. This month, President Biden signed a new "Executive Order on Advancing Effective, Accountable Policing and Criminal Justice Practices to Enhance Public Trust and Public Safety" (Laco). This document includes several changes to what law enforcement is allowed to do and which actions are considered banned. On the other hand, many law officers raise concerns about the limited access to military equipment for police departments. The lack of resources can damage the police's ability to respond to incidents with the necessary backup, which puts both victims and law enforcement at risk.

Furthermore, this decision further divides law enforcement organizations on how to approach the police and public safety – through restriction or support – making this event incredibly important for all citizens. While some police officers agree that the executive order's points can lead to better protection, others warn that such significant
