**Advancing Africa's Sustainable Development** Alain L. Fymat, 2018-11-14 While many African countries lag behind the rest of the industrialised world in scientific and medical research and development the situation is progressively improving This is why the Society for the Advancement of Science in Africa was established to contribute to economic advancement and sustainability through science research education and innovation This book provides a selection of papers from the Advancement of Science in Africa s fourth annual conference The conference was held under the overarching theme of science technology and innovation in Africa with several important sub themes including but not limited to improving health research and disease surveillance education collaborating in research responding to epidemic diseases with high mortality in Africa and promoting women s interest in science careers The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science technology and innovation in Africa *Kenya National Assembly Official Record (Hansard)* ,2012-02-15

joint infection: past, present, and future Hongyi Shao,Guoli Hu,Chaofan Zhang,Chi Xu,2024-04-09 Bone and joint infections  
 BJI cause serious morbidity and pose significant management challenges They may cause acute sepsis with bone and joint  
 destruction discharging wounds chronic pain and permanent disability With increasing age and expanding populations bone  
 and joint infections especially those involving devices will have a growing impact on healthcare resources Specifically one  
 typical type of BJI periprosthetic joint infection is even more difficult to manage Although the incidence of PJI is not high the  
 diagnosis is difficult the treatment is complicated and the efficacy is uncertain Patients usually need to undergo multiple
