Business Ethics: Case Studies and Selected Readings Marianne M. Jennings, 2019-10-04

The best-selling text *BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS* 9E carefully reviews the decision-making process of business leaders today to illustrate why good leaders often make questionable decisions. This fascinating collection exposes common themes in less-than-ethical decision making and shows why leaders make ethical compromises in business that they would not make in their personal lives. A combination of short and long cases, readings, hypothetical situations, and current ethical dilemmas provides the basis for evaluating business ethics while encouraging stronger values in future business leaders. Readers discover a framework for analyzing ethical issues that moves them beyond simply their opinion to thinking through short and long-term costs, societal impact, and consequences. Cases range from shorter cases to more detailed considerations of companies and individuals trapped in consequences as a result of poor analysis of ethical dilemmas.
