**Publishers description** **Elephants** Ellen Greene Stewart,2022-03-04 Elephants are a keystone species and have been a part of the magic of the thickly forested land of South Africa for millennia This book focuses on the history and work of Knysna Elephant Park a leading South African elephant research facility that has been home to more than 40 elephants in 25 years Unfortunately all the mystique of the Knysna elephant has been reduced to a single elephant left alive Exploring a wide range of topics this book covers the impact of elephants interactions with tourists how they recover from trauma and even their relevance in human healthcare Renowned elephant researchers explain the majesty of the elephant brain which has the largest temporal lobe devoted to communication language spatial memory and cognition To this effect the book emphasizes the threat of poaching to these gentle giants which has almost forced them to extinction Perhaps if humans pay attention to how elephants symbolize our relationship with nature we can learn important lessons about humanity itself [The White Spaces of Kenyan Settler Writing](#) Terrence L. [The White Spaces of Kenyan Settler Writing](#) Terrence L. Craig,2017-03-27 The White Spaces of Kenyan Settler Writing provides an overview of Kenyan literature by white writers in the half century before Independence in 1964 Such literature has been overshadowed by that of black writers to the point of critical ostracism It deserves attention for its own sake as the expression of a community that hoped for permanence but suffered both disappointment and dispossession It deserves attention for its articulation of an increasingly desperate colonial and Imperial situation at a time when both were being attacked and abandoned in Africa as in other colonies elsewhere and when a counter discourse was being constructed by writers in Britain as well as in Africa Kenya was likely the best known twentieth century colony for it attracted publicity for its iconic safaris and its Happy Valley scandals Yet behind such scenes were settlers who had taken over lands from the native peoples and who were trying to make a future for themselves based on the labour willing or forced of those people This situation can be seen as a microcosm of one colonial exercise and can illuminate the historical tensions of such times The bibliography is an attempt to collect the literary resources of white Kenya in this historically significant period **DK Eyewitness Kenya**
