Microsoft Office Access 2015 Comprehensive Manual:

Chemistry of Human Nature Tom Husband, 2020-08-28 Why does chocolate taste so good Why do we seek the one How do traits such as intelligence creativity and violence arise and what purpose do they serve This book links these characteristics to the origins of life showing that the conditions necessary to bring life into existence echo through our modern day behaviour The chemistry of the body is not only fascinating but also highly relevant to everyone since we are all concerned with maximising our health and enjoyment of life Currently there are not many popular science books concerned with biochemistry One reason for this might be the particularly complex nature of the science involved This book starts with the fundamentals and then works towards a deeper understanding of the chemistry of human nature Essential reading for anyone with an interest in this science and written at a level accessible to experts and non experts alike **SPEC -**
