The Myths and Legends of ANCIENT GREECE and ROME E. Berens,2012-04-30 This is a comprehensive collection of all the major and minor gods of Rome and Greece with descriptions of festivals and retellings of major mythological stories The want of an interesting work on Greek and Roman mythology suitable for the requirements of both boys and girls has long been recognized by the principals of our advanced schools The study of the classics themselves even where the attainments of the pupil have rendered this feasible has not been found altogether successful in giving to the student a clear and succinct idea of the religious beliefs of the ancients and it has been suggested that a work which would so deal with the subject as to render it at once interesting and instructive would be hailed as a valuable introduction to the study of classic authors

Myths and Legends of Ancient Greece and Rome (Illustrated) E. M. Berens,2019-03-02 Greek mythology is the body of myths originally told by the ancient Greeks These stories concern the origin and the nature of the world the lives and activities of deities heroes and mythological creatures and the origins and significance of the ancient Greeks own cult and ritual practices Modern scholars study the myths in an attempt to shed light on the religious and political institutions of ancient Greece and its civilization and to gain understanding of the nature of myth making itself
