such a fundamental part of his life he as the narrator also portrays the other characters as fugitives from themselves and from others In order to verify this statement I will examine Jake s possible reasons for expatriation in general Then I will try to further examine the individual travel stops that Jake visits during his journey I will show that each location has a different meaning to him although the guiding theme remains Then again I will attempt to shine a light on the driving powers behind the restlessness of the three central characters Jake Brett and Robert Although the narrator does show some insight into their motivations there are still deeper ones that he might not realize because they are also inherent in himself
