## Maths 1b Guide:

The Primary ICT & E-learning Co-ordinator's Manual James Wright, 2007-05-23 This book is absolutely wonderful It will be my new Bible I have used it loads already in preparation for my ICT Mark assessment Taking on the role of ICT co ordinator can be quite a daunting task but this step by step guide breaking things down into manageable chunks will be very supportive I love the blogging idea the comments made by the characters are very realistic This is just what new co ordinators need I wish I d had this when I took over co ordination of ICT Christine Beedham Primary ICT adviser Warrington Every primary school has the daunting task of embedding ICT and e learning into their curriculum This practical manual is the first part of a two volume set that together makes up a detailed two year training programme for primary ICT and e learning co ordinators The books combine key strategies and information with a weblog discussion from a group of virtual co ordinators who share their problems fears and successes over the two year programme based on the author s wide experience of working with new co ordinators and experienced staff on training programmes and in general support Book 1 is designed specifically for co ordinators new to the role who need starting points and broad support It presents a structured training programme split over three terms guiding co ordinators through the key stages of developing and implementing ICT policy and practice including o auditing existing school systems o reviewing and revising the school policy for ICT o reviewing the ways in which ICT is used as a teaching and learning tool across the curriculum o examining methods for the management of technical support services o establishing a clear overview of standards in ICT including a review of assessment procedures moderating work monitoring teaching and learning and creating E Portfolios The books have a companion website which will offer downloadable versions of the photocopiable sheets from the book as well as links to other sources of help and advice

The SENCO Survival Guide Sylvia Edwards, 2010-12-14 Are you confused about Special Education Needs SEN and Learning Difficulties and Disabilities LDD Are you unclear about how to identify and address the needs of your pupils in the context of the new Inclusion Development Programme Do you need support to develop a great system that links together recent initiatives and government legislation This book is intended for SENCOs and other staff working from the Foundation stage to Key Stage 4 with management responsibility for SEN LDD systems in schools The book will explore recent initiatives and terminology in the context of the Inclusion Development Programme and Narrowing the Gap examine the implications for school policy and practice link together related SEN LDD development help schools to develop coordinated systems that enable all learners with SEN LDD to meet their potential and aspirations

*More Trouble with Maths* Steve Chinn, 2016-07-21 More Trouble with Maths acknowledges that there are many reasons why children and adults are unable to function mathematically Difficulties include problems with rote learning basic facts and procedures debilitating anxiety poor working and short term memories and mathematics vocabulary Central to this new edition is a range of standardised tests and diagnostic activities including a 15 minute test of basic mathematics a thinking style test

tests of basic fact retrieval and maths anxiety Guiding the reader in the interpretation of tests this new edition shows how identifying the barriers to learning is the first step in a programme of intervention Written in an engaging and user friendly style Steve Chinn draws on his extensive experience and expertise to show how to consider and appraise the many factors relating to mathematical learning difficulties explain how these factors can be investigated explore their impact on learning mathematics Emphasising the need for a clinical approach when assessing individuals this book shows how diagnosis and assessment can become integrated into everyday teaching This highly practical and relevant resource is a crucial resource for anyone who wants to accurately and effectively identify the depth and nature of mathematical learning difficulties and dyscalculia
