Reading Circles, Novels and Adult Reading Development Sam Duncan,2012-02-23 Adult literacy teachers are constantly searching for effective engaging and distinctly adult ways to develop adult emergent reading and for at least the past two hundred years adults have formed themselves into reading circles to read and discuss novels on a weekly or monthly basis Why then are reading circles rarely used or studied in formal adult literacy provision This book explores adult reading development novel reading and reading circles in the context of a wider examination of reading pedagogies and practices in the English speaking world It discusses reading as both an individual and a communal act and investigates the relationship between literature and literacy development practice and pedagogy including a reassessment of the controversial approaches of reading aloud and phonics for adults Sam Duncan reviews a case study of an adult reading circle in a large London further education college and identifies the wider implications for the teaching and learning of adult emergent reading for the use and understanding of reading circles and for how we understand the novel reading experience more broadly *Uses of Austen* Gillian Dow,2012-08-21 This book focuses on how Austen s life and work is being re framed and re imagined in 20th and 21st century literature and culture Tracing the connections between Modernist Austen in the early C20th and feminist and post feminist appropriations in the later C20th it examines how Austen emerged as a complex point of reference on the global stage

American Postfeminist Cinema Michele Schreiber,2014-03-11 In light of their tremendous gains in the political and professional sphere and their ever expanding options why is it that most contemporary American films aimed at women still focus almost exclusively on their pursuit of a heterosexual romantic relationship *American Postfeminist Cinema* explores this question and is the first book to examine the symbiotic relationship between heterosexual romance and postfeminist culture The book argues that since 1980 postfeminism s most salient tensions and anxieties have been reflected and negotiated in the American romance film Case studies of a broad range of Hollywood and independent films reveal how the postfeminist romance cycle is intertwined with contemporary women s ambivalence and broader cultural anxieties about women s changing social and political status *Learning Through Reading* Jasmine Fazlic (auteur d'un mémoire),2012

From Fidelity to History Anne-Marie Scholz, 2013-04-01 Scholarly approaches to the relationship between literature and film ranging from the traditional focus upon fidelity to more recent issues of intertextuality all contain a significant blind spot a lack of theoretical and methodological attention to adaptation as an historical and transnational phenomenon This book argues for a historically informed approach to American popular culture that reconfigures the classically defined adaptation phenomenon as a form of transnational reception Focusing on several case studies including the films Sense and Sensibility 1995 and The Portrait of a Lady 1997 and the classics The Third Man 1949 and The Bridge on the River Kwai 1957 the author demonstrates the ways adapted literary works function as social and cultural events in history and how these become important sites of cultural negotiation and struggle
