**Minimally Invasive Bariatric Surgery** Stacy A. Brethauer, Philip R. Schauer, Bruce D. Schirmer, 2015-03-03 The second edition of Minimally Invasive Bariatric Surgery provides a comprehensive state of the art review of this field and it serves as a valuable resource for clinicians surgeons and researchers with an interest in minimally invasive bariatric surgery. Additionally the second edition includes new features that will benefit the resident fellow or bariatric surgeon new to the field. Specifically each evidence based chapter i.e. outcomes complications epidemiology etc concludes with three or four exam questions that emphasize the salient points of the chapter and provide fellowship programs a valuable training tool and resource for their academic curriculum. These questions are either single answer multiple choice or true false format and the correct response with a brief explanation follows. As more emphasis is placed on completing a comprehensive curriculum and obtaining certification for bariatric training this aspect of the book is unique and provides added value to the text. The new edition also incorporates many new or updated medical illustrations to enhance the technique chapters and provide more uniformity for the artwork throughout the book. Each of the major procedures include surgical technique outcomes and management of complications in separate chapters to provide an easy reference for the busy clinician preparing for a case or presentation. Another unique feature of the text is a link to video files hosted online for the relevant chapters. This video library will be of great value to the user. As the number of fellowships in laparoscopic bariatric surgery continues to increase this updated text will provide a valuable resource for general and bariatric surgeons laparoscopic surgeons fellows residents medical students obesity researchers and industry representatives involved in this field. **Scientific American**, 1909 Monthly magazine devoted to topics of general scientific interest. *Medical Device Register*, 1986 Contains a list of all manufacturers and other specified processors of medical devices registered with the Food and Drug Administration and permitted to do business in the U.S. with addresses and telephone numbers.
