Leo Tolstoy Daniel Moulin, 2014-10-23 How do we know what we should teach And how should we go about teaching it These deceptively simple questions about education perplexed Tolstoy Before writing his famous novels War and Peace and Anna Karenina Tolstoy opened an experimental school on his estate to try and answer them His experiences there incited his life long inquiry into the meaning and purpose of religion literature art and life itself In this text Daniel Moulin tells the story of the course of Tolstoy s educational thought and how it relates to Tolstoy s fiction and other writings It begins with his experience of being a child and adolescent incorporates his travels in Europe the experimental school his literature and his views on art philosophy and spirituality Throughout the relevance and impact of Tolstoy s thinking on education are translated into applicable theory for today s education students **Leo Tolstoy** Dan Moulin, 2011 **Tolstoy and His**

Jean-Jacques Rousseau Jurgen Oelkers, 2014-10-23 Jean Jacques Rousseau enlightenment philosopher and founder of natural education is one of the most influential philosophers of education in the western world In order to fully understand Rousseau s impact as a true educational thinker Jurgen Oelkers argues that we must take into account his paradoxical style unique intellectual biography and his turbulent and unconventional way of life Combining historical analysis and contemporary ethical theory this text serves as both an introduction to Rousseau s theories of education and a critique of his views and shows how Rousseau was a pioneer in exploring educational issues within the context of his own philosophical problems in order to present innovative solutions **John Locke** Alexander Moseley, 2014-10-23 John Locke is one of the great minds in educational history Drawing on his perceptive observations of families and children he saw the importance of adapting learning to the child s dispositions Critical of schools he is the fountainhead of home tutoring child centred learning and the importance of enjoyable learning But for Locke learning was not about facts a good education produced gentlemen who could in turn adapt themselves to commerce and politics Locke s philosophy helped provide rigour to the scientific revolution the impetus for the expansion of schools for the poor which should be profitable and child psychology Alexander Mosely sets Locke s educational writings in their context with a sensitive reading of what Locke understood by education and highlights the relevance of the study of Locke s work to our understanding of education today **St Augustine** Ryan N. S. Topping, 2014-10-23 After setting Augustine s thought firmly within the context of his life and times Ryan Topping examines

in turn the causes of education the purposes pedagogy curriculum and limits of learning as Augustine understood them Augustine's towering influence over Medieval and Renaissance theorists from Hugh of St Victor to Aquinas to Erasmus is traced The book concludes by drawing Augustine into dialogue with contemporary philosophers exploring the influence of his meditations on higher education and suggesting how his ideas can reinvigorate for our generation the project of liberal learning **British Books** ,1910 **The Publishers' Circular and Booksellers' Record** ,1911 The Publisher ,1910

Gareth Jones, 1995-11 Tolstoi both as writer and thinker exerted a compelling influence on English writers and social reformers In turn his own outlook on life and literary genius owed much to his keen response to British culture This book is a collection of previously published articles supplemented by excerpts translated from Tolstoi's own writings conveying the extent of this dynamic interchange and the reciprocal benefit gained by Britain and Russia as a result of this remarkable symbiosis of cultures An introduction by the editor traces the development of the interchange and places the various essays in their context **Subject Guide to Books in Print** ,1991 *The academy* ,1893 **The British National Bibliography** Arthur James Wells, 1996 *Tolstoi, the Times Literary Supplement* ,1972 **The life and teaching of Leo Tolstoy** Lev Nikolaevich Tolstoi, 1904
