**Catalogue of Books, Standard and Holiday** McClurg, Firm, Booksellers, Chicago,1897 *Sámi Nature-Centered Christianity in the European Arctic* Tore Johnsen,2022-07-22 S mi Nature Centered Christianity in the European Arctic unpacks the theological significance of North S mi indigenous Christianity demonstrating how the tension between S mi nature centered Christianity and official Norwegian Lutheranism has broad theological relevance Focusing on Christian cosmological orientation the author argues that this is not fully given within the Christian faith itself It is partly shaped by the religio philosophical frameworks that various historical receptions of Christianity were filtered through The author substantiates that two different types of Christian cosmological orientation are negotiated in the North S mi Christian experience one reflecting a S mi historical reception of Christianity primarily filtered through the egalitarian world intuition

of the Sámi indigenous tradition another reflecting official Norwegian Lutheranism primarily filtered through a Greek hierarchical world construct passed down among European intellectual elites The argument is developed through thick description of local everyday Christianity among reindeer herding river and sea Sámi communities in Finnmark Norway through critical engagement with historical and contemporary Lutheranism and through constructive dialogue with African and Native American theologies The author suggests that the egalitarian multi relational logic of Sámi nature centered Christianity points beyond the hierarchical binaries delimiting much of the theological imagination of dominant Christian theologies
