Isbn 9780078927829 Teacher :

A Day with a Teacher Katie Kawa, 2020-07-15 A teacher's day begins well before students arrive at school and ends long after they have left for the day. Introduce your young readers to the behind-the-scenes aspects of a community member they witness in action regularly. In age-appropriate language, this book describes how teachers use evidence-based practices to connect with students and help them to learn and grow. Readers will gain an understanding of how teachers design lessons, why they grade assignments, and how they use technology to prepare students for college and careers. **Making Sense of Teaching** Sally A. Brown, Donald McIntyre, 1993 This text examines the nature of teaching in schools from the teachers' perspective. The authors access teachers' professional craft knowledge and facilitate their own articulation of the ordinary teaching which they do routinely and spontaneously. The Many Faces of Teaching Thomas H. Buxton, 1987 Any student reading this book will certainly have a true picture of what it takes to be a teacher. The thematic form and organization of the book is most clever. Using outstanding teachers to give realism to the descriptions is quite innovative. I'd like all of our undergrads to read this book. Excellent summary at end. *The Teacher* Jenny Giles, 1997-07 This text describes the things that teachers do. It touches on rules, learning, and helping students. **The Teacher** Anne Stewart, 1986-01-01
