Lutheran Service Cph Org:

Journey to Jesus Kent Jorgen Burreson, Rhoda Grever Schuler, 2025-06-03 When many Christian congregations are asking How can we draw new members into our midst the authors reframe the question How can congregations make new disciples and deepen the faith of long time Christians Rediscovery of the early church catechumenate provides a means to form new disciples in today s culture Inspiring case studies of four congregations emphasize the contextual flexibility of adult faith formation Interviews with catechumenal leaders and participants in adult faith formation reveal how a catechumenate that is central to congregational life can energize and orient the people of God toward the mission of God Opening windows into congregational life especially at worship those who had journeyed through the adult faith formation process describe their experiences and the profound changes that took place in them Adult faith formation is a journey not a program of belonging believing and behaving that draws people into Christ s orbit for life As one participant said For the first time I understood what it meant to be a Christian Through the adult catechumenate she heard the voice of Christ calling her to new life and a rich baptismal identity

Journey Into the Heart of God Philip H. Pfatteicher, 2013-10 Using the riches of traditional liturgical texts and classic hymns together with the role of the natural world this book examines the living reality of the liturgical year

History, Politics, and the American Past Ari Helo, 2020-02-25 History Politics and the American Past assesses the connection between historiography and politics in America on the basis of an important methodological distinction between the past and the history written about it While necessarily interpreting the past professional historians and those with a general interest alike remain tempted consciously or not to make American history serve their own political and moral views There is a tendency to impose our present values on the past and sometimes go so far as to believe the past can be changed by present action In this volume Ari Helo analyzes examples of this including metahistorical narratives presidential speeches and the occasionally vague rhetoric of the Confederate statue campaigns before diagnosing the source of doing so and suggesting how we might avoid it Taking America as its example the book illuminates essential methodological issues related to history writing while deciphering the complicated relationship of history and politics The book will be of interest to scholars and students of American history historiography American studies and cultural studies providing a vivid account of how to make sense of American history
