This revision of Bloom's taxonomy is designed to help teachers understand and implement standards based curriculums. Cognitive psychologists, curriculum specialists, teacher educators, and researchers have developed a two dimensional framework focusing on knowledge and cognitive processes. In combination, these two define what students are expected to learn in school. It explores curriculums from three unique perspectives: cognitive psychologists' learning emphasis, curriculum specialists' and teacher educators' C I emphasis, and measurement and assessment experts' assessment emphasis. This revisited framework allows you to connect learning in all areas of curriculum. Educators or others interested in educational psychology or educational methods for grades K-12.
