Units of Study for Teaching Writing, Grades 3-5 Lucy Calkins, Marjorie Martinelli, Ted Kesler, Cory Gillette, M. Colleen Cruz, Medea McEvoy, Mary Chiarella, Kathy Collins, 2006 Lucy Calkins and her colleagues take writing instruction to a higher level in *Units of Study for Teaching Writing Grades 3-5* aligned with *Units of Study for Primary Writing K-2*. Yes, these 2 resources are perfectly aligned while offering a greater level of sophistication and a whole new set of units. *Units of Study for Teaching Writing Grades 3-5* employs many of the same features that made *Units of Study for Primary Writing* so effective and popular. Both series are built around sequential units of study representing 4 to 6 weeks of instruction. Each unit of study contains 15 to 18 sessions and each of these sessions is built on a coherent framework of regular features that include an introduction, a 10-minute minilesson, recommendations for conferring, share time suggestions for tailoring the lessons, suggest homework, and more. In addition, instruction in both series is supported by a side column rich with Lucy's coaching commentary and samples of real student work. Most importantly, both series were developed, piloted, and refined by Lucy Calkins and her colleagues from the Teachers College Reading and Writing Project. What special features are included in this resource? Each session has one of three new features: **Mechanics** emphasizes the important language conventions that readers expect and that students need to master to become effective writers. **Assessment** helps teachers look at a piece of writing with a growth line in mind: name what the child can do and plan the next instructional step. **Collaborating with Colleagues** offers ideas for building a community of writing instructors to help support and refine your practice. In addition, a new **Homework** and a special **In Your Class** section help you tailor the minilessons even more carefully to the specific needs of your students.

A Guide to the Reading Workshop, Grades 3-5 Lucy Calkins, Kathleen Tolan, 2010 *The Complete K-5 Writing Workshop* Susan Koehler, 2011 Take charge of your writing curriculum with *The Complete K-5 Writing Workshop* and create a rich, balanced learning environment that simultaneously supports standards while focusing on what is meaningful and effective for students. With this comprehensive and well-organized resource, author and veteran educator Susan Koehler starts with the history of writing instruction, leading K-5 teachers through the writing process and assessment. You'll learn what to do with detailed information on creating a successful writing workshop, including writer's and teacher's notebooks, management tips, and publishing projects, and what to teach with a list of writing craft skills and genre instruction guidelines that form the content of writing instruction. An extensive appendix provides rubrics, checklists, planners, graphic organizers, practice sheets, activities, and more to use in your classrooms today. By uniting process and skills, we can maintain a systematic approach to instruction while reviving learner engagement and rediscovering the joy of teaching writing.

Memoir Writing for 5th Grade Students Alfred D. Tietjen, 2011 This thesis is an examination of a popular K-8 writing instruction method The Writing Workshop by Lucy Calkins While studying and becoming familiar with the theory and practice of that method it became apparent that its single most important component of the method is the scaffolding provided through discovery of personal meaning in the writing process which imbues the instructional lessons throughout One of the units in the 5th grade teaching the memoir genre held specific interest to me due to my professional and personal experiences A hypothesis is presented that the development stage of children at this age beginning to look outward while confronting profound physical and emotional changes in conjunction with a growing wariness of adult imposed obligations in school could benefit from self directed reflection It should be the perfect time to develop a habit of examining feelings and beginning to trust personal motivations for behavior Reflective writing would be a valuable skill to develop What emerged in this project was a demonstration of recording through the memoir genre the personal experiences in a period of life my graduate school experience with an analysis of how this writing strengthened personal understanding of the major components of process writing instruction used in The Writing Workshop method To connect memoir writing in graduate school and analysis of writing for the 5th grade classroom an extended unit plan to teach memoir composition over the entire 5th grade period was drafted A rationale for how the lessons were chosen accompanies the unit plan
