Lust And The Haunting English Edition:

Tombs, Despoiled and Haunted Jay Fellows, 1991 Walter Pater poses to criticism the challenge of how to approach a writer who is neither entirely a novelist entirely a critic nor entirely a historian but each by turn This book demonstrates the unity of all Pater's roles through the crucial concept of linguistic consciousness This idea enables the author in a manner unique within contemporary criticism to combine phenomenological and post structural methodologies that is to say attention to details of language as registers of qualities of mind with a more recent linguistic and historical emphasis The result is an attempt to present a full autobiography of the linguistic consciousness of Walter Pater This requires that the author observe Pater from the inside that he trace even replicate the motions of Pater's consciousness the author shows how fragments of language specific images and phrases link up by means of figurative and rhetorical echoes into patterns that reveal a topographic rather than a narrative or conceptual structure as the under texture of Pater's writings **Eclectic**
