**Nimble** Baba Prasad, 2015-04-24 The world today can be best described by one word turbulence As change rages all around how can you as an individual or as an organization take advantage of unexpected opportunities and succeed in difficult circumstances In a book that challenges traditional notions of strategy Baba Prasad draws on his research at some of the world's best business schools to show how intelligence can help you and your business navigate this maelstrom The Intelligences Framework presented in Nimble goes beyond the common management concept of agility it presents an immensely practical and hands on approach for companies and individuals to develop five kinds of intelligences and apply them in different settings for maximum benefit Bridging strategy leadership and innovation and with vivid illustrations Nimble provides a path breaking assessment methodology and a systematic four step approach that every company and individual can use to lead amid turbulence

**Shared Governance for Sustainable Working Landscapes** Timothy M. Gieseke, 2016-08-05 Sustaining our agricultural landscapes is no longer just a technical scientific or even political problem but it has evolved into a socially complex so called wicked problem of conflicting social governance and economics This creates an extreme economic obstacle where the value of ecosystem services remains low and diffuse and the transactions costs remain high and multiple Using Uber like business platform technology and a shared governance model a symbiotic demand for environmental benefits is created Enabling multi sector transactions for environmental benefits this platform innovation would remedy the tragedy of the commons the economic nemesis to achieving landscape sustainability In a nutshell to sustain our agricultural landscapes a transdisciplinary approach supported by a shared governance model housed within a multi sided platform is needed This book introduces an assessment framework identifying governance actors styles and ratios for socio ecological systems The assessment uses a new governance compass to identify the types of actors completing which tasks and identifies the styles of governance used to complete the tasks It is aimed to anyone involved in sustainability science agricultural policy planning or integrated landscape design

Arab Dawn Bessma Momani, 2015-11-26 In the West news about the Middle East is dominated by an endless stream of reports and commentary about civil war sectarian violence religious extremism and economic stagnation But do they tell the full story For instance who knew that university enrolment in the war torn Palestinian territories exceeds that of Hong Kong or that more than a third of Lebanese entrepreneurs are women Change is on its way in the Middle East argues Bessma Momani and its cause is demographic Today one in five Arabs is between the ages of fifteen and twenty four Young optimistic and increasingly cosmopolitan their generation will shape the region's future Drawing on interviews surveys and other research conducted with young people in fifteen countries across the Arab world Momani describes the passion for entrepreneurship reform and equality among Arab youth With insightful political analysis based on the latest statistics and first hand accounts Arab Dawn is an invigorating study of the Arab world and the transformative power of youth

Mayor Michael Bloomberg Lynne A. Weikart, 2021-09-15

In Mayor Michael Bloomberg Lynne A Weikart dives into the mayoralty of Michael Bloomberg offering an incisive analysis of Bloomberg's policies during his 2002-2014 tenure as mayor of New York and highlighting his impact on New York City politics. Michael Bloomberg became mayor of New York just four months after the 9/11 terrorist destruction of the World Trade Center and he led the rebuilding of a physically and emotionally devastated city so well that within two years the city had budget surpluses. Weikart reveals how state and federal governments constrained Bloomberg's efforts to set municipal policy and implement his strategic goals in the areas of homelessness, low income housing, poverty, education, and crime. External powers of state and federal governments are strong currents and Bloomberg's navigation of these currents often determined the outcome of his efforts. Weikart evaluates Michael Bloomberg's mayoral successes and failures in the face of various challenges: externally, the constraints of state government and mandates imposed by federal and state courts; and internally, the impasse between labor unions and Bloomberg. Weikart identifies and explores both the self-created restrictions of Mayor Bloomberg's own management style and the courage of Mike Bloomberg's leadership. **CERN Courier**, 2014
