The Divine Boaz Lavie, 2015-07-14 A NEW YORK TIMES BESTSELLER Mark s out of the military these days with his boring safe civilian job doing explosives consulting But you never really get away from war So it feels inevitable when his old army buddy Jason comes calling with a lucrative military contract for a mining job in an obscure South East Asian country called Quanlom They ll have to operate under the radar Quanlom is being torn apart by civil war and the US military isn t strictly supposed to be there With no career prospects and a baby on the way Mark finds himself making the worst mistake of his life and signing on with Jason What awaits him in Quanlom is going to change everything What awaits him in Quanlom is weirdness of the highest order a civil war led by ten year old twins wielding something that looks a lot like magic leading an army of warriors who look a lot like gods What awaits him in Quanlom is an actual goddamn dragon From world renowned artists Asaf and Tomer Hanuka twins whose magic powers are strictly confined to pen and paper and Boaz Lavie *The Divine* is a fast paced brutal and breathlessly beautiful portrait of a world where ancient powers vie with modern warfare and nobody escapes unscathed

**American Zoo** David Grazian, 2017-12-05 A close up look at the contradictions and wonders of the modern zoo Orangutans swing from Kevlar lined fire hoses Giraffes feast on celebratory birthday cakes topped with carrots instead of candles Hi tech dinosaur robots growl among steel trees while owls watch animated cartoons on old television sets In *American Zoo* sociologist David Grazian takes us on a safari through the contemporary zoo alive with its many contradictions and strange wonders Trading in his tweed jacket for a zoo uniform and a pair of muddy work boots Grazian introduces us to zookeepers and animal rights activists parents and toddlers and the other human primates that make up the zoo s social world He shows that in a major shift away from their unfortunate pasts American zoos today emphasize naturalistic exhibits

teeming with lush and immersive landscapes breeding programs for endangered animals and enrichment activities for their captive creatures In doing so zoos blur the imaginary boundaries we regularly use to separate culture from nature humans from animals and civilization from the wild At the same time zoos manage a wilderness of competing priorities animal care education scientific research and recreation all while attempting to serve as centers for conservation in the wake of the current environmental and climate change crisis The world of the zoo reflects how we project our own prejudices and desires onto the animal kingdom and invest nature with meaning and sentiment A revealing portrayal of comic animals delighted children and feisty zookeepers American Zoo is a remarkable close up exploration of a classic cultural attraction     **The New Yorker** ,2002     New York ,2009-07     **Canada 2012** Wayne C.
