Life Orientation November 2013 Scope Grade1:

Education in Vietnam Martin Hayden, Thi Le Tran, 2024-08-02 Offering insights into the current and projected future state of the education system in Vietnam this edited volume is an authoritative sourcebook for scholars policy analysts academic staff and students Vietnam is well on its way to joining the dress circle of high achieving education nations in Asia International surveys of the academic aptitude and ability of the nation's youth consistently place it well above relevant regional and global averages This accomplishment is remarkable for a country with a gross domestic product per capita of only US 2 785 in 2020 The dynamics of Vietnam's national education system are comprehensively documented in the book Each of the country's education sectors is critically appraised as well as the culture of education in Vietnam Specific issues concerning funding and equity quality and accreditation the teaching of curriculum areas the internationalisation of the system and the provision of educational opportunities for young people with disabilities are carefully analysed against a background of relevant global trends With contributions from well established and highly respected local experts with high aspirations for the future development of the national education system in Vietnam this book will be a must read for academics and students of Southeast Asian studies and comparative education Diversity and Triumphs of Navigating the Terrain of Academe Raphael Heaggans, Henry T. Frierson, 2019-05-30 This volume is written as a treatise to dismantle the powers of discriminatory incubuses that have haunted institutions of higher learning one narrative at a time **Queer Inclusion in Teacher Education** Olivia J. Murray, 2014-06-13 Queer Inclusion in Teacher Education explores the challenges and promises of building queer inclusive pedagogy and curriculum into teacher education Weaving together theory research findings and practical how to strategies and materials it fills an important gap by offering a clear roadmap and resources for influencing the knowledge beliefs and actions of faculty working with pre service teachers While the book has implications for policy change most immediately readers will feel empowered with ideas for faculty development they can implement in their own teacher education programs Looking at both the politics and practices of teacher education and the ways in which queer issues manifest in schools it is hopeful in suggesting that if teachers and pre service teachers can critically reflect on homophobia and heteronormativity they can begin to think about and relate to queer youth in a different more positive and inclusive way A Companion Website <http://queerinclusion.com> with additional activities and materials for teacher educators and faculty development and a practical guide enhances the usefulness of the book **The Education Index**, 1947
