

SCIENCE IN EVERYDAY LIFE ESSAY

Science is present all around us, from the smallest things such as needles to large objects such as aeroplanes. Science is also an essential part of our everyday lives because it helps us solve everyday problems, enhances our health, and helps society progress.

Science has taken the foremost place in human life. Every branch of science can be seen all around us. Computer Science can be seen in mobile phones, smartwatches and computers; Medical Science is there in the medicines we take; Communication in today's world is hardly possible without applying laws of physics.

Science primarily exists around us in the form of nature. It is there in all sorts of phenomena such as the movement of the earth around the sun, the behaviour of the human body, the scattering of light in our atmosphere etc.

Science influences every aspect of our life. It has an impact on what we eat and drink, where we go to relax, what we wear, what we talk about, etc. It has also made us break the barriers that existed in the past. Thus, Science has enormously contributed to the development of human beings.

In order to meet the demands of developing students for the 21st century skills and given the appropriate characteristics for this goal of the STEM model, further research is needed on this topic. Being so, it is justified to carry out more research on STEM approaches such as with pre-service teachers in service teachers and all levels of education. This research topic provides a stimulating and informative variety of research papers that expand and deepen our theoretical understanding on STEM innovations on teaching and learning. Taking into account the demands of developing students for the 21st century skills in this Research Topic, we aim to collect high quality studies focused on STEM model related to pre-service teachers in service teachers as well as students of all levels of education. We also intend to cover the largest variety of topics addressing this specific matter that could help to foster STEM implementation in the classroom to sharing STEM model education training experiences. Furthermore, we are interested in contributions that provide deepening insights into the challenges and opportunities involved in adopting STEM education in teaching and learning in a sustainable way.
