Lowriders in Space Cathy Camper, 2014-11-01 Lupe Impala El Chavo Flapjack and Elirio Malaria love working with cars You name it they can fix it But the team's favorite cars of all are lowriders cars that hip and hop dip and drop go low and slow bajito y suavequito The stars align when a contest for the best car around offers a prize of a trunkful of cash just what the team needs to open their own shop Ay chihuahua What will it take to transform a junker into the best car in the universe Striking unparalleled art from debut illustrator Raul the Third recalls ballpoint pen and Sharpie desk drawn doodles while the story is sketched with Spanish ink with science facts and colored with true friendship With a glossary at the back to provide definitions for Spanish and science terms this delightful book will educate and entertain in equal measure *Low Rider* ,2007 Machines of Youth Gary S. Cross, 2018-05-04 For American teenagers getting a driver's license has long been a watershed moment separating teens from their childish pasts as they accelerate toward the sweet sweet freedom of their futures With driver's license in hand teens are on the road to buying and driving and maybe even crashing their first car a machine which is home to many a teenage ritual being picked up for a first date parking at a scenic overlook or blasting the radio with a gaggle of friends in tow So important is this car ride into adulthood that automobile culture has become a stand in a shortcut to what millions of Americans remember about their coming of age *Machines of Youth* traces the rise and more recently the fall of car culture among American teens In this book Gary S Cross details how an automobile obsession drove teen peer culture from the 1920s to the 1980s seducing budding adults with privacy freedom mobility and spontaneity Cross shows how the automobile redefined relationships between parents and teenage children becoming a rite of passage producing new courtship rituals and fueling the growth of numerous car subcultures Yet for teenagers today the lure of the automobile as a transition to adulthood is in decline Tinkerers are now sidelined by the advent of digital engine technology and premolded body construction while the attention of teenagers has been captured by iPhones video games and other digital technology And adults have become less tolerant of teens on the road restricting both cruising and access to drivers licenses Cars are certainly not going out of style Cross acknowledges but how upcoming generations use them may be changing He finds that while vibrant enthusiasm for them lives on cars may no longer be at the center of how American youth define themselves But for generations of Americans the modern teen experience was inextricably linked to this particularly American icon **Lowriders to the Rescue** Cathy Camper, 2022-05-17 The next books in the acclaimed Lowriders series combines comics Spanish mixing cultures science superheroes and first loves for an out of this world graphic novel experience A changing planet means new problems and new friends for nuestros amigos favoritos Meet Lupe a whip smart impala with a flair for mechanics Flapjack a sweet young octopus who can shine up anything with his eight gleaming tentacles and Elirio a thoughtful mosquito who's fascinated with words and determined to become an artist What do all three have in common A love of lowriders and a passion for solving problems Nothing is normal in the little town where

the Lowriders live To start Flappy can't see a thing He keeps mistaking fire hydrants for sailors and laundry for love interests Even more worrying the Upscale Business Association is determined to make more money than ever by tearing down local shops in favor of a brand new development for wealthy landowners Most disconcerting of all the monarchs who usually migrate through town at this time of year are nowhere to be found But when Sokar a beautiful young monarch bikes into town with a broken wing she has scary news to report A dangerous wildfire is burning fast and hot and nonstop leaving the monarchs stranded Might Sokar and Flappy have more in common than meets the goggles How can the Lowriders save their town And exactly how powerful is passion in the face of an overheated planet's furious flames Humor Spanish and lowriders come together in this rollicking journey through the bumpy terrain of new friends climate change and standing up for what you believe in V monos ACCLAIMED SERIES Books in the Lowriders series have won the Pura Belpr award and won the hearts of readers and reviewers Discover why kids and their adults love reading about the Lowriders PERFECT FOR RELUCTANT READERS Bold illustrated spreads funny storylines and lots to look at on every page keep reluctant readers engaged all the way through these delightfully entertaining books DIVERSE CAST OF CHARACTERS Latinx and Arab cultures are beautifully celebrated in this book with fascinating facts about these unexpectedly intersecting cultures CONTEMPORARY ISSUES FOR KIDS These books tackle so many contemporary and relevant issues Readers will learn about monarch butterfly migrations and sustainable energy The Lowriders refurbish their car to be solar powered VISUALLY DYNAMIC Ra l's unique art style is visually refreshing and extremely engaging for kid readers especially those who love comics and graphic novels Perfect for Fans of the previous Lowriders books Comic and graphic novel lovers Reluctant readers Educators and librarians looking for diverse books
