Most Certainly True Mark Granquist, 2017-07-31 There are many ways to tell a story and after 500 years of the Lutheran family there are lots of stories to tell For a movement that is so large and so old the story of Lutheranism could be told in any number of large and important books But sometimes in trying to tell the big story the smaller stories get lost There are just so many details that readers can lose track about where they are and what is going on This book tells the narrative a different way by focusing on the small stories the stories of Lutheran individuals and groups and events over the course of 500 years Each one is brief only about 800 words But the stories themselves illustrate their particular time and place and give you the reader a sense of how Lutherans lived out their faith in their particular context
