Writing Mini-Lessons for Upper Grades, Grades 4 - 6 Cunningham, M.C. Hall, Arens, 2008-08-27 Learn when and how to teach the Writing block using Writing Mini Lessons for Upper Grades for grades 4-6. This 160 page resource addresses specific issues and skills that help students become better writers. These mini lessons are divided into three sections for use throughout the year. Students learn about different writing genres, making decisions about what to write, paragraphing in stories and informational text, self-peer editing, spelling using commas, and writing to a prompt. This book supports the Four Blocks R Literacy Model.

Units of Study for Teaching Writing, Grades 3-5 Lucy Calkins, Marjorie Martinelli, Ted Kesler, Cory Gillette, M. Colleen Cruz, Medea McEvoy, Mary Chiarella, Kathy Collins, 2006. Lucy Calkins and her colleagues take writing instruction to a higher level. Units of Study for Teaching Writing Grades 3-5 aligned with Units of Study for Primary Writing K-2. Yes, these 2 resources are perfectly aligned. While offering a greater level of sophistication and a whole new set of units, Units of Study for Teaching Writing Grades 3-5 employs many of the same features that made Units of Study for Primary Writing so effective and popular. Both series are built around sequential units of study representing 4 to 6 weeks of instruction. Each unit of study contains 15 to 18 sessions. And each of these sessions is built on a coherent framework of regular features that include an introduction, a 10-minute minilesson, recommendations for conferring, share time suggestions for tailoring the lessons, suggest homework, and more. In addition, instruction in both series is supported by a side column rich with Lucy's coaching commentary and samples of real student work. Most importantly, both series were developed, piloted, and refined by Lucy Calkins and her colleagues from the Teachers College Reading and Writing Project. What special features are included in this resource? Each session has one of three new features: Mechanics emphasizes the important language conventions that readers expect and that students need to master to become effective writers. Assessment helps teachers look at a piece of writing with a growth line in mind, name what the child can do, and plan the next instructional step. Collaborating with Colleagues offers ideas for building a community of writing instructors to help support and refine your practice. In addition, a new Homework and a special In Your Class section help you tailor the minilessons even more carefully to the specific needs of your students.
