Just Cross References:

Just Cross References Stephen Flessner, 2011-05 Do you skip the cross references in Bible study Wouldn't it save time if they were just right there with your Bible verses Of course it would Just Cross References by Steve Flessner is a completely new concept It presents cross references right along with their Bible text The author like many other people used to skip over the cross references when doing Bible study but with this book they are right there with his Bible Now he is impressed with how much they add to his study no more wasting time looking up a cross reference It's like having a text for an individual mini Bible study Cross references keep readers from taking isolated verses and giving them the wrong meaning All in depth study requires their use Just Cross References is a book readers will enjoy when they are having a quiet time or just reading

Understanding Scriptures Through Cross References Kim Bellm-Palmer, 2014-11-18 So many times over the course of my life I found myself being drawn to the prophecies in the bible As I watched the events of our time unfolding I felt an urgency to understand how these events were explained in the bible Every time I was drawn to the book of Revelation a book that I knew was trying to tell us what we would need to know in the times in which we currently live Then every time without fail I would not be able to understand what I was reading and every time I would find myself trying to follow the cross references given for the verses I was reading But that would just lead me to search out references of the references until I found myself surfing the bible and getting even more confused Then each time I would simply give up and stop searching Finally after the failed attempts of understanding what the scriptures were trying to tell me I started a project for myself that hopefully would help me stay on track of the answers I instinctively knew were there So for my own use I took the Book of Revelation apart verse by verse Then I found several suggested cross references from several translations Then I brought it all together with the cross references indented under the verse that was crossed Then as I read it I did not find myself bible surfing I found that the Book of Revelation was starting to make sense Then I found a translation of the bible that was unique from all the countless others It was translated by a man who understood Hebrew idioms He added emphasis marks to enhance as well as clarify the scriptures When I took that version and incorporated my format of cross referencing I found the scriptures opening right up in my mind It all was so clear that I could not imagine why I had been having so much trouble The bible came alive and actually made sense I became so excited that I just had to make this simple form available to others So here it is Now you can find the scriptures open up for you just as they did for me
