Mes Vingt Ans:

Traditional Music in Coastal Louisiana Joshua Clegg Caffery, 2013-11-05 Alan Lomax's prolific sixty-four year career as a folklorist and musicologist began with a trip across the South and into the heart of Louisiana's Cajun country during the height of the Great Depression. In 1934 his father John then curator of the Library of Congress's Archive of American Folk Song took an eighteen year old Alan and a 300 pound aluminum disk recorder into the rice fields of Jennings along the waterways of New Iberia and behind the gates of Angola State Penitentiary to collect vestiges of African American and Acadian musical tradition. These recordings now serve as the foundational document of indigenous Louisiana music. Although widely recognized by scholars as a key artifact in the understanding of American vernacular music, most of the recordings by John and Alan Lomax during their expedition across the central southern fringe of Louisiana were never transcribed or translated, much less studied in depth. This volume presents for the first time a comprehensive examination of the 1934 corpus and unveils a multifaceted story of traditional song in one of the country's most culturally dynamic regions. Through his textual and comparative study of the songs contained in the Lomax collection, Joshua Clegg Caffery provides a musical history of Louisiana that extends beyond Cajun music and zydeco to the rural blues, Irish and English folk songs, play party songs, slave spirituals and traditional French folk songs that thrived at the time of these recordings. Intimate in its presentation of Louisiana folklife and broad in its historical scope, *Traditional Music in Coastal Louisiana* honors the legacy of John and Alan Lomax by retrieving these musical relics from obscurity and ensuring their understanding and appreciation for generations to come. Includes complete transcriptions of the 1934 Lomax field recordings in southwestern Louisiana. Side by side translations from French to English. Photographs from the 1934 field trip and biographical details about the performers.

Brel and Chanson Sara Poole, 2004-05-19 In celebration of his unique talent and in commemoration of the twenty-fifth anniversary of his death, this is the first book-length study in English of the work of Belgian chansonnier Jacques Brel. Brel and Chanson traces probable influences on the creative process of Brel's early, later, and always eclectic reading. It goes on to examine his principal preoccupations as evidenced by the chansons such as childhood love and friendship and human stupidity and also to elucidate the unique use of language. This study not only analyzes the complexities inherent in writing and composing but also in the performance of a chanson. It considers how Brel's pitiless implication of himself in his every criticism of mankind's shortcomings distinguishes his work. This study is of great use to anyone interested in 20th century popular European culture and required reading for all those exploring the rich and vibrant world of chanson. *Havet's Practical French grammar ...
