Cameras Mark Haigh-Hutchinson,2009-04-02 The control of cameras is as important in games as it is in cinema How the camera tracks and moves determines our point of view and influences our attitude towards the content A poorly designed camera system in a game can disrupt a users experience while a well designed one can make a good game into a great one Breaks down the algorithms behind contemporary game camera systems written by a leading expert in the area Game Informer Magazine ,2009

Mazes in Videogames Alison Gazzard,2013-05-01 From the text adventures of Zork to the arcade game of Pac Man to the corridors of Doom and on to the city streets of Grand Theft Auto IV the maze has often been used as a space to trap and confuse players in their navigation of gameworlds However the maze as a construction on the landscape has a long history before the invention of the videogame By examining the change in the maze from the landscapes of open spaces and closed gardens through to the screen of the videogame both mazes and labyrinths are discussed in terms of historical reference alongside the author s personal experiences of walking and playing these structures This book shows how our cultural experiences of real world maze landscapes may have changed and how we negotiate videogame worlds along the various paths and meanings they so often create for us *Understanding Media, Today* Matteo
