## One-Tier and Multi-Tier Study Guide

### Introduction to Timelines

A timeline is a feature that we find in non-fiction text. It is a text feature that helps us as readers to place important dates in order. A timeline puts events in sequential order in a visual way and it allows us to more easily see the order of events that occur. Timelines can be used to show past events, or they can be used to give a rough draft of what the future might hold.

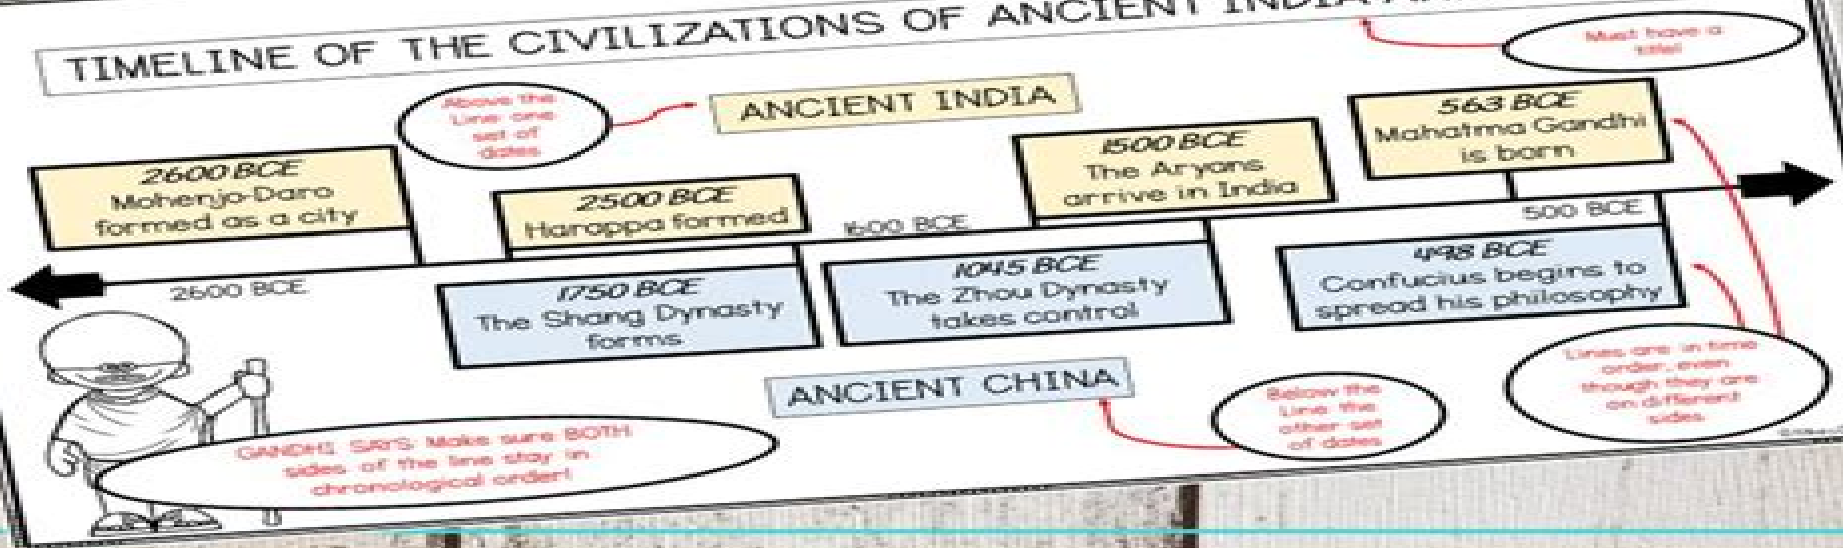

### Timeline Conventions

- BC (Before Christ) and AD (After Death) were originally used as the timeline designations.
- BCE (Before Common Era) and CE (Common Era) were developed for people who did not want to use religious terms in their timelines.

## **Multi Tiered Timeline Social Studies:**

Teaching Data Literacy in Social Studies Tamara L. Shreiner, 2024 We are surrounded by data and data visualizations in our everyday lives. To help ensure that students can critically evaluate data and use it to promote social justice, this book outlines principles and practices for teaching data literacy as part of social studies education. The author shows how social studies content and skills can enhance both data literacy and its importance in supporting students' historical thinking and civic engagement. Shreiner also provides a rationale for including data literacy in the social studies curriculum and highlights the special knowledge and skills social studies teachers offer in promoting a critical humanistic form of data literacy. Recognizing that many social studies teachers feel poorly equipped to teach data literacy, this book offers practical advice, summaries of the benefits and challenges to students, guidance for incorporating data literacy across elementary and secondary grades, and strategies to help students analyze, use, and create data visualizations. **Book Features:** Helps social studies teachers and teacher educators understand the value of teaching data literacy; Highlights the special role social studies teachers can play in supporting critical humanistic data literacy; Synthesizes research and scholarship on teaching data literacy in social studies; Provides a suggested scope and sequence for incorporating data literacy into the social studies curriculum across grade levels; Offers multiple ideas for resources and tools that can support data literacy instruction in social studies.

**Strategies and Considerations for Educating the Academically Gifted** Neal, Tia, 2023-03-07 Within the discipline of special education is academically gifted education, and this distinct area is not typically required as a topic of focus in traditional teacher preparation programs for regular education teachers. Therefore, it is essential that current research is conducted and published that provides educators both general and special with resources that can assist them in providing gifted students with learning experiences tailored to their individual needs. *Strategies and Considerations for Educating the Academically Gifted* provides a complete overview of issues relevant to gifted education and contributes to the existing knowledge in the field with the most up-to-date information to effect positive change and growth. Covering key topics such as creativity, curriculum models, and assessment, this reference work is ideal for administrators, policymakers, researchers, academicians, scholars, practitioners, instructors, and students. Social Studies & the Young Learner, 1992 **Technology Tools in the Social Studies Curriculum** Joseph A. Braun, Phyllis Maxey Fernlund, Charles Stitham White, 1998 This book is intended for use by college students majoring in education or by teachers seeking to enhance their knowledge of the digital revolution. It focuses on the enduring elements of technology tools in the social studies curriculum. Exemplary social studies software is introduced; however, the coverage of

database tools and hypermedia is deliberately generic Because of the growing importance of the Internet to educators one of the closing chapters is devoted to the topic Social Studies Alive!
