The Chinese Dream and Law Shiping Hua, 2025-08-01 Analyzes the major laws promulgated during the Xi Jinping era against a background of the politics and ideology of the Xi regime in general The Chinese Dream and Law study situates the Chinese Dream in the modern utopianism discourse since the Late Qing following Kang Youwei and Mao Zedong As a tool to promote the Chinese Dream the legal reforms during the period depart from the thin constitutionalism of the first three decades of the post Mao era and resemble aspects of Legalism Although the current regime has made some progress in protecting people's socioeconomic rights through law it has retreated on upholding judicial independence to protect people's civil and political rights especially those vis vis the state The first three decades since post Mao reform are an aberration that deviates from the normal trajectory of modern Chinese political development The decade long efforts by the current regime have slowed the growing official corruption and have slightly narrowed the growing income gap although

economic growth was cut in half The Chinese style of utopianism could mean a better place as in the country s ancient past It could also become a no place in the modern diverse world because this human hope that has a universal claim is often built on authoritarian means *Yearbook of International Organizations 2014-2015, Volumes 1a & 1b (Set)* Union of International Associations,2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events *Driver Behavior and Performance in an Age of Increasingly Instrumented Vehicles* Oren Musicant,Haneen Farah,David Shinar,Christian Collet,2021-09-29 Forest Health Under Climate Change: Effects on Tree Resilience, and Pest and Pathogen Dynamics Riikka Linnakoski,Risto Kasanen,Aikaterini Dounavi,Kristian Forbes,2020-01-10
