Jung, 1999-10-24 As a doctor I make every effort to strengthen the belief in immortality especially with older patients when such questions come threateningly close For seen in correct psychological perspective death is not an end but a goal and life's inclination towards death begins as soon as the meridian is past C G Jung commentary on The Secret of the Golden Flower Here collected for the first time are Jung's views on death and immortality his writings often coinciding with the death of the most significant people in his life The book shows many of the major themes running throughout the writings including the relativity of space and time surrounding death the link between transference and death and the archetypes shared among the world's religions at the depths of the Self The book includes selections from On Resurrection The Soul and Death Concerning Rebirth Psychological Commentary on The Tibetan Book of the Dead from the Collected Works Letter to Pastor Pfafflin from Letters and On Life after Death

G. Jung Élie Georges Humbert, 2022 Le livre d'Élie Georges Humbert est d'une aide précieuse pour qui veut apprécier la contribution majeure de Carl Gustav Jung à la psychanalyse freudienne et la découverte de l'inconscient Sigmund Freud en avait exploré de larges pans mais refusait d'y inclure le domaine de l'ésotisme Jung au contraire y voyait une région fertile où s'exprimaient par des littératures spécifiques les éléments profonds de la psyché humaine Élie Georges Humbert nous clarifie sur les apports cruciaux de Jung à la question de l'âme humaine et de son parcours dans l'existence Présentation synthétique et claire ce texte rend justice au plus célèbre des disciples de Freud dont Françoise Dolto parlait en ces termes Freud soigne les racines Jung fait fleurir les branches Hubert Reeves *Collected Works of C. La théorie de la psychanalyse Carl Jung, 2024-05-09 La théorie de la psychanalyse de Carl Gustav Jung publiée en 1915 est une condamnation cinglante des théories de Freud sur la sexualité y compris le complexe d'Œdipe Il était incroyablement embarrassant pour Freud que son livre soit si vigoureusement en désaccord avec lui sur une plateforme internationale une menace que Freud n'a jamais eue au cours de sa carrière universitaire L'hégémonie de Freud dans le domaine de la psychologie a été remise en question par cette conférence Jung a commencé à explorer l'idée de l'inconscient collectif dans cette publication un réservoir partagé d'expériences et de symboles qui ont des significations universelles travers les cultures S'appuyant sur ses travaux antérieurs comme les Diagnostische Assoziationsstudien Jung a approfondi la nature des complexes les décrivant comme des groupes d'idées ou d'images chargés d'émotions Cette édition est

Jung on Mythology C. G. Jung, 2017 At least three major questions can be asked of myth what is its subject matter What is its origin What is its function Theories of myth may differ in the answers they give to any of these questions but more basically they may also differ on which of the questions they ask C G Jung's theory is one of the few that purports to answer fully all three questions This volume collects and organizes the key passages on myth by Jung himself and by some of the most prominent Jungian writers after him Erich Neumann Marie Louise von Franz and James Hillman The book synthesizes the discovery of myth as a way of thinking where it becomes a therapeutic tool providing an entrance to the unconscious Provided by publisher
