Flash Builder and Flash Catalyst Steven Peeters, 2010-08-26. The Flash Platform is changing. Flash Builder and Flash Catalyst have brought a new separation of design and coding to web development that enables a much more efficient and streamlined workflow. For designers and developers used to the close confines of Flash, this is a hugely liberating but at first alien concept. This book teaches the new workflow for the Flash platform. It gives an overview of the technologies involved and provides you with real world project examples and best practice guidelines to get from design to implementation with the tools at hand. Includes many examples. Focuses on real world situations. Covers designer and developer workflow.
