Missing Four One One David Paulides, 2011 www.canammissing.com People have been disappearing under mysterious circumstances for centuries During the last 150 years the media has covered many of these cases and has attempted to put a rational spin on a very unusual event After 3 years and 7000 hours of intensive research there is a new paradigm being presented on people missing in the wilds of North America Missing 411 identifies 28 clusters of missing people who have vanished in remote areas of the continent The finding is a troubling fact questioning why and how these people have disappeared Some of the victims are found and tell a very interesting and mind bending story of their experience others are never found a fact that confounds searchers and law enforcement There are many children that have disappeared under highly unusual circumstances After weeks of searching and failing to find any evidence of the child being in a remote location many parents and law enforcement draw the conclusion that the victim was kidnapped yes taken by someone lurking in remote areas of our national parks forests farms and even ranches There are two editions of this research Missing 411 Eastern United States and Missing 411 Western United States The eastern United States copy has a list of every person who is listed in each book as well as a final conclusion to the investigation You will be shocked by the lack of interest and documentation that many of our governmental bodies have committed to missing people After reading these books you will never look at our wildlands the same Chapters 1 Introduction 1A Clusters 1B Unique Factors in Disappearances 2 Missing People 3 Unique Groups of Missing People 3A Central Ontario 3B Berry Pickers 3C Shepherders 3D Farmers 4 Midwest United States 4A Minnesota 4B Wisconsin 4C Michigan 4D Iowa 4E Illinois 4F Missouri 4G Oklahoma Arkansas 5 Southern States 5A Georgia Alabama 6 Appalachians 6A Great Smoky Mountains 6B Ohio 6C Pennsylvania 6D West Virginia 6E Kentucky 7 Northeastern United States 7A New England 7B Vermont 7C New Jersey 8 Lists 8A Master List of Children Under 10 Years 8B Analysis 8C Decade Breakdown of All Missing 9 Conclusions 9A

America and examines the parallels between the cases The book also includes a multitude of new stories from North America There is a continuing trend of clusters of missing people in United States National Parks The National Park Service has continued with their policy of failing to keep ledgers track or otherwise document lists of missing people inside their parks and monuments This edition has cases from Florida Texas Hawaii and forty other states There are new clusters of missing people from Sequoia and Mount Rainier National Park Three Sisters Wilderness OR and Adirondacks NY Canada has missing cases from six provinces that are documented This new book brings further clarity to the missing person issue by examining multiple disappearances of people in small confined areas and exposing the similarities of their case David Paulides also exposes a series of coed disappearances that date back to the early 1900 s which have unusual facts surrounding their case Missing 411 North America and Beyond is the largest and most comprehensive of the trilogy 472 pages The Missing 411 series builds upon itself It is recommended that you read Missing 411 Western United States first then the eastern version and then North America and Beyond There is a historical aspect to this issue and there are common elements that run through the disappearances One of the early reviews of Missing 411 North America and Beyond was written by New York Times Best Selling author Whitley Strieber David Paulides has shined a light onto one of the greatest and most disturbing mysteries of our time the simple and awful fact that people disappear especially in our national parks and little effort is made to find them let alone inform the public about the danger Even when massive searches are mounted and people are found the events surrounding their loss and recovery are often far beyond logical explanation This is the most comprehensive and expertly presented series of books on the subject ever written and the latest volume which includes stories from five countries is sobering chilling and far too well researched to ignore Essential reading Whitley Strieber New York Times Best Selling Author

Missing 411 David Paulides,2012-02-02 www.canammissing.com Missing 411 is the first comprehensive book about people who have disappeared in the wilds of North America It s understood that people routinely get lost some want to disappear but this story is about the unusual Nobody has ever studied the archives for similarities traits and geographical clusters of missing people until now A tip from a national park ranger led to this three year 7000 hour investigative effort

into understanding the stories behind people who have vanished The book chronicles children adults and the elderly who disappeared sometimes in the presence of friends and relatives As Search and Rescue personnel exhaust leads and places to search relatives start to believe kidnappings and abductions have occurred The belief by the relatives is not an isolated occurrence it replicates itself time after time case after case across North America The research depicts 28 clusters of missing people across the continent something that has never been exposed and was a shocking find to researchers Topography does play a part into the age of the victims and certain clusters have specific age and sex consistency that is baffling This is not a phenomenon that has been occurring in just the last few decades clusters of missing people have been identified as far back as the 1800 s The manuscript for the research was extremely large so the story was split between two books Missing 411 Western United States and Canada and Missing 411 Eastern United States The Eastern version will be released in late March and will include a list of all missing people in each edition and a concluding chapter that draws both books together for conclusions Some of the issues that are discussed in each edition The National Park Service attitude toward missing people How specific factors in certain cases replicate themselves in different clusters Exposing cases involving missing children that aren't on any national database Unusual behavior by bloodhounds canines involved in the search process How storms berries swamps briar patches boulder fields and victim disabilities play a role in the disappearance The strategies of Search and Rescue personnel need to change under specific circumstances Major news organizations do a deplorable job of covering stories and issues which are deemed too unusual or too far outside the box Chances are they will find a way to trivialize or ignore the disturbing evidence accumulated by David Paulides a former lawman turned investigative journalist The paper trail uncovered by Paulides through sheer doggedness is impressive the evidence indisputable People are vanishing without a trace from our national parks and forests yet government agencies are saying nothing At a minimum this story deserves space on the frontpage of every newspaper in the country and it warrants a formal high level inquiry by the federal agencies whose files leave little doubt that something very strange is unfolding in our wilderness George Knapp Host Coast to Coast AM After reading this book you will forever walk in the woods with a different awareness Official U.
