Here Lucy does the same for pasta making, showing you how easy it is to use a sheeter or an extruder of any type, manual or electric, to create tasty pastas that will please everyone from grown-up gourmands to picky kids who want pasta at nearly every meal. Lucy shares in these pages terrific purees that you can make using a blender or a mixing bowl that you then can turn into all sorts of flavored pastas, from the familiar tomato or spinach pastas to noodles flavored with herbs like basil or tarragon, spices like pepper or saffron, and other flavors such as Sage Brown Butter Pasta that incorporates a flavored butter. She teaches you how to make every kind of pasta shape with your pasta machine, including ones you can't find in stores. She includes durum and semolina pastas, the most common kinds, as well as buckwheat, ancient grain, and gluten-free pastas. She even shows how to make Asian noodles such as udon, soba, and ramen with your pasta machine.
