Laudon And Laudon 13th Edition:

Managing Digital Enterprise Jun Xu, 2014-10-10 This book describes the setup of digital enterprises and how to manage them focusing primarily on the important knowledge and essential understanding of digital enterprise management required by managers and decision makers in organizations. It covers ten essential knowledge areas of this field: Foundation of Digital Enterprise, Technology Foundation and Talent Management for Digital Enterprise, Digital Enterprise Strategy Planning and Implementation, B2C Digital Enterprise, E-tailing, B2C Digital Enterprise E-Services, B2B Digital Enterprise and Supply Chain, Digital Platforms, Digital Marketing and Advertising, Digital Payment Systems, Mobile Enterprise. Overall, this text provides the reader with the basics to understand the rapid development of digitization facilitated by the dramatic advancements in digital technologies, extensively connected networks, and wider adoption of computing devices, especially mobile devices, as more and more organizations are realizing the strategic importance of digitization, e.g., sustainable growth of the organization, competitive advantage development and enhancement, and are embarking on digital enterprise.

Handbook of Research on Information Architecture and Management in Modern Organizations Jamil, George Leal, Poças Rascão, José, Ribeiro, Fernanda, Malheiro da Silva, Armando, 2015-08-17 Information is considered both an essential element of organizational design and an asset to be processed and managed. Further research on and application of topics relating to the architecture, management, and use of information is imperative to organizational success. The *Handbook of Research on Information Architecture and Management in Modern Organizations* focuses on information as an essential element of organizational design and emphasizes the strategic role of knowledge transfer and management in organizations across industries. Taking a cross-disciplinary approach to information architecture and management, this publication draws on research essential to diverse organizations and is designed for use by business professionals, researchers, academicians, and upper-level students. This comprehensive reference work features key research and concepts on topics related to information functionality, information modeling, information overload, information retrieval, innovation management, organizational architecture, informed governance, and relevant applications across industries. Multichannel Marketing Bernd W. Wirtz, 2024-09-27 Increasing customer demands and innovations in digital sales require targeted management and flexible organisation of multiple sales channels. Multi-channel marketing can be used to achieve outstanding competitive advantages. This book provides a comprehensive and systematic overview of the fundamentals and management of multi-channel marketing. The book understands multi-channel marketing as an integrative marketing system with special consideration of digital technologies. Multi-Channel Marketing is, with increasing frequency, a key success factor for companies in competition for customers. Bernd Wirtz's textbook provides a clearly patterned, incorporated, and theoretically founded overview for this purpose. The author excellently succeeded in illustrating in a descriptive way the considerable complexity and breadth of applicability and contemporaneously establishing a high practical relevance. Dr. Rainer Hillebrand, Member of the Supervisory
