Law And Sacrifice:

Law's Sacrifice Brian Nail, Jeffrey Ellsworth, 2019-07-17 This volume examines the relationship between law and sacrifice as a crucial nexus for theorizing the dynamics of creation destruction transcendence and violence within the philosophical and legal discourse of western society At a time of populist political unrest what philosophical and theoretical resources are available for conceptualizing the discontent that seems to emanate from practically every sphere of society What narrative strategies have been employed within literary theological philosophical and legal discourse to tame or mystify human violence Engaging with the work of preeminent theorists of sacrifice such as Georges Bataille Ren Girard Giorgio Agamben and Jacques Derrida this collection examines from an interdisciplinary perspective the sacrificial logic that characterizes the cultural and political dynamics of law in society The book will be of interest to students and scholars in the field of legal theory and philosophy **The Law of Sacrifice** Charles Webster Leadbeater,1980 Law of Sacrifice Charles Webster Leadbeater, 1998-12-01 LAW OF SACRIFICE SHERRY. Russell Ballard, 1998-01-01 **The Law of the Offerings** Andrew Jukes, 1929 Mr Jukes books throw more light upon the teaching of Scripture with regard to the mysterious subjects of which they treat than any with which we are acquainted His strain of writing is eminently devout and edifying especially in the views which he advocates of particular rites and usages The notion of the pre millennial reign of Christ vitiates in our judgment many of the most pious and devout passages which abound in this volume **The Scriptural Doctrine of Sacrifice** Alfred Cave, 1877 The Law of the Offerings Andrew Jukes, 1976 Jukes s well known work about the tabernacle offerings and how they still apply to today A Complete Catechism of the Catholic Religion Joseph Deharbe,1919 Health [a Monthly Devoted to the s Christian Cause and Cure of Diseasel .1907 The God that Answereth by Fire William Lowndes, 1917 The Sacrifice for Sin as Revealed in the Law and the Gospel. P. M. Lynch, 2023-12-01 This book is focused on the reception history of Thomas Aguinas account of Eucharistic sacrifice during the sixteenth and early seventeenth centuries Although the sacrificial character of the Eucharist has been of interest to theologians throughout the Church's history during the early sixteenth century renewed attention was given to this subject in part because of disputes that arose between Reformed and Catholic theologians about the relationship between the Eucharistic liturgy and Christ's sacrifice on the cross Does the Eucharistic presence itself have a sacrificial quality Can aspects of the liturgy or dimensions of the moral life be considered a sacrifice and if so in what way The emergence of these and other new questions in Eucharistic theology at the beginning of the sixteenth century coincided with a shift within the practice of theology in universities that began to emphasize Aquinas Summa theologiae as the standard text of theological instruction in place of Peter Lombard's Sentences Because of the Summa's relatively late ascendency as a text of commentary and instruction studying the Summa's reception history involves the interpreter in a complex textuality Although itself a product of the middle ages as a received text the Summa is in many ways a creature of the early modern period Interpreting the reception of this text therefore requires one to consider not only the Summa in its original environment but the life of this same text as it was received in new interpretive contexts
