You be the Judge Everett Watson, 2019-09-19 Was Michael Jackson Murdered You Be the Judge By Everett Watson Was Michael Jackson Murdered You Be the Judge was inspired the late pop star s untimely death and the controversy surrounding it Looking into his death drove the author to produce a movie called The Murder of Michael Jackson The Perfect Murder In this book Everett Watson provides all the evidence he found that shows incontrovertible evidence that Michael Jackson s death wasn t an accident or suicide but premeditated murder Michael Jackson aka princess neverland., 2010-04-30 after investigating the death of Michael Jackson with many calls to the corner embalmer and many others and much hard work I found there is as much proof the Michael Jackson is alive than there is proof he is dead **83 Minutes** Matt Richards, Mark Langthorne, 2016-06-21 A definitive look at Michael Jackson s final minutes revealing for the first time the shocking details behind the tragic death of one of the world s biggest pop stars On June 25th 2009 the world was rocked by the tragic news that Michael Jackson the biggest and most influential music icon since Elvis Presley had died

He was only 50 years old when paramedics pronounced him dead on arrival at a Los Angeles hospital. For weeks after his death speculation and rumor abounded concerning the drugs in Jackson's system and the role Conrad Murray, the singer's personal physician, had played in his death. In 2011 Murray was tried and convicted of involuntary manslaughter for which he served two years in prison. Now for the first time readers have access to a comprehensive and truly horrifying account of the crucial moments leading up to Jackson's demise. Drawing on court documents and testimonials, 83 Minutes presents a multi-perspective tracking of every individual involved and the part they played as the tragedy unfolded, examining forensically the mystery of the 83 minutes that elapsed from the moment Dr. Murray suggested he found Jackson not breathing to the moment the singer's lifeless body was wheeled into hospital. Evenhanded and unbiased, Matt Richards and Mark Langthorne's account is rich with detail, including the specific cocktail of drugs employed in an attempt to keep Jackson alive and the harrowing conditions in which the troubled genius's life ended. Included as well is the story of the legal struggle for control of Jackson's assets that followed his death, where Richards and Langthorne report that the combined earnings of Jay Z, Taylor Swift, and Kanye West since Michael Jackson died come nowhere near the revenues Jackson has earned for his estate after his death. Written with documentary flair, this powerful and compelling book is already emerging as the definitive account of one of the darkest hours in music history.
