help families with kids grow from beginner to intermediate hikers and to cultivate a love and enthusiasm for the outdoors. Going beyond this to advanced hiker is beyond the scope of this book and the need for families. Elements include a basic checklist of gear and safety needs, simple exercises for the whole family to prep for getting out on the trail, real life stories perhaps crowdsourced from the AHS community, and ideas and activities for making the experience fun for kids of all ages. Chock full of aspirational color photography featuring diverse people and kids, the book is also practical in nature, offering information on gear checklists and how to use GPS, read a map, and predict weather before going out on the trail. It would feature experiences in everything from neighborhood parks to secluded trails. Additionally, the book reflects the hallmarks of the American Hiking Society, with whom we would work to make this book a success. [Cardio Master Training Guide](#)
