Un Assassinat au nom de Dieu. [Occasioned by the attempted assassination of the Abbé Opsomer.] Antoine ROCHER, 1873 Jean Delville Brendan Cole, 2014-11-10 This book is the first full length study of the art and writings of Jean Delville. As a member of the younger generation that emerged during the end of the nineteenth century he was a dynamic leader of a group of avant garde artists who sought to establish a new school of Idealist Art in Belgium. He was one of the most talented painters of his generation producing a vast body of works that in both scale and technical accomplishment is unsurpassed amongst his contemporaries. In his extensive writings in contemporary journals and books he pursued a singular vision for the purpose of art to serve as a vehicle for social change as well as to inspire individuals to be drawn to a higher spiritual reality. Delville's thinking is heavily indebted to the hermetic and esoteric philosophy that was widely popular at the time and his paintings, poetry and writings reformulate the main tenets of this tradition in a

contemporary context In this regard his aesthetic and artistic goals are similar if not identical to those found in the writings and art of Kandinsky and Mondrian during the early twentieth century
