Maths Literacy Sessions Gauteng:

Improving Primary Mathematics Education, Teaching and Learning Mellony Graven,Hamsa Venkat,2017-01-19

This book focuses on how to improve the teaching and learning of primary level mathematics education within resource constrained contexts It builds on two large numeracy projects within South Africa which speak to broader global concerns and highlight how research and development not only enables one to meet ethical imperatives but also explore how further interventions can be developed Teacher and research communities must work together to create mutually beneficial relationships and establish a cohesive understanding of the requirements of primary mathematics education

Mathematics Teacher Training and Development in Africa Kakoma Luneta,Marc Schäfer,2024-10-09 This edited volume addresses the need for reforms in mathematics teacher training spurred by scientific advancements and societal changes encompassing calls for changes in curricula content and instructional methods The text highlights the complexities of teaching mathematics specifically within Africa It provides an exploration into how mathematics teacher training has evolved to address challenges such as ineffective teaching approaches lack of resources technological limitations and outdated training programs Through comprehensive systematic reviews for each country in the African region documentation is provided on the past present and envisioned future of teacher training programs This undertaking provides a detailed analysis of mathematics teacher training offering valuable insights for teacher trainers government ministries of education and stakeholders across Africa For anyone invested in enhancing mathematics education in the region this book offers indispensable guidance and knowledge *The Language Issue in the Teaching of Mathematics in South Africa* Lindiwe

Tshuma,2021-01-26 The book is the result of a five year project that culminated within the first three years in doctoral research interrogating language competency for meaningful mathematics instruction at upper primary level conducted at University of Stellenbosch in 2017 and this book in the succeeding two years The initial research project received countrywide coverage in several South African media outlets including Times Live and Radio 2000

Raising the Impact of Education Research in Africa Charl C. Wolhuter,2018-12-01 The low demonstrable effect of education research done in South Africa in particular and Africa in general continues to be a problem in scientific records in the educational sciences This scholarly collected work addresses this obstacle and focuses on recommendations from scholars in different sectorial categories in the field of education Scholars from a variety of sub fields within the educational sciences reflect on this particular matter revisiting the history of research and research outcomes and offering informed recommendations based on in depth investigation and analysis of aspects of the various discourses within the relevant sub fields The scope of the content of this collected work centres on the issue of the lack of scientific records concerning the scientific raising of the impact of education research The book aims at making a specific contribution to the educational sciences by stimulating scholarly discussion around how to increase the recording of the significance of educational research done in Africa and in South

Africa in particular and to redirect the research agenda into the direction of making more impact Impact is conceptualised to mean both scholarly impact that is being cited and being used as foundation for theory building and for further research and practical impact that is improvement of practice teaching and learning in education institutions at all levels **Twenty**

Years of Education Transformation in Gauteng 1994 to 2014 Felix Maringe, Martin Prew, 2015-05-05 Twenty Years of Education Transformation in Gauteng 1994 to 2014 An Independent Review presents a collection of 15 important essays on different aspects of education in Gauteng since the advent of democracy in 1994 These essays talk to what a provincial education department does and how and why it does these things whether it be about policy resourcing or implementing projects Each essay is written by one or more specialist in the relevant focus area The book is written to be accessible to the general reader as well as being informative and an essential resource for the specialist reader It sheds light on aspects of how a provincial department operates and why and with what consequences certain decisions have been made in education over the last 20 turbulent years both nationally and provincially There has been no attempt to fit the books chapters into a particular ideological or educational paradigm and as a result the reader will find differing views on various aspects of the Gauteng Department of Education's present and past We leave the reader to decide to what extent the GDE has fulfilled its educational mandate over the last 20 years The Youth Book David Barnard, 1997 The object of this publication is to

provide youth as well as people and organizations involved and interested in youth related issues with a comprehensive source of information on South African young organizations and related relevant issues **STEM and Social Justice:**

Teaching and Learning in Diverse Settings Cheryl B. Leggon, Michael S.
