Maths Lit Gr12 Learners Notes

LM Reder

Maths Lit Gr12 Learners Notes:

Research for Educational Change Jill Adler, Anna Sfard, 2016-06-17 Research for Educational Change presents ways in which educational research can fulfil its commitments to educational practice Focussing its discussion within the context of mathematics education it argues that while research generated insights can have beneficial effects on learning and teaching the question of how these effects are to be generated and sustained is far from evident The question of how to turn research into educational improvement is discussed here in the context of learning and teaching hindered by poverty and social injustice In the first part of the book four teams of researchers use different methodologies while analysing the same corpus of data collected in a South African mathematics classroom In the second part each of these teams makes a specific proposal about what can be done and how so that its research generated insights have a tangible beneficial impact on what is happening in mathematical classrooms Combining two discourses that of researchers speaking to one another and that of researchers communicating their insights to those responsible for educational practice the book deals with the perennial question of communication between those who study educational processes and those who are directly responsible for teacher education educational research and classroom practices This book will be key reading for postgraduates researchers and academics in education and particularly in the areas of mathematics education education research teacher education and classroom practice It will also appeal to teacher educators practitioners and undergraduate students interested in educational research

Resources in Education, 1997 The Observation Protocol for Academic Literacies Magaly

Lavadenz, Elvira G. Armas, 2024-01-16 This book presents a validated observation instrument to support and further develop the pedagogic expertise of teachers of English Learners in US schools Based on sociocultural and second language teaching and learning theories the Observation Protocol for Academic Literacies OPAL has a variety of uses across teacher preparation programs pre K 12 classroom contexts and school districts This book leads the reader through the process of using OPAL with real classroom observations in the form of vignettes in order to develop confidence and reliability scoring evidence in research based practices The book provides examples of its non evaluative uses to conduct research support teachers and identify areas of strength and weakness in their professional development It also offers researchers and policymakers a tool for collecting classroom based evidence to inform the implementation and refinement of English Learner programs

Drum, 2009-04 **Resources in Education**, 1997 Papua New Guinea Journal of Education, 1988
