Strong Brands, Strong Relationships Susan Fournier, Michael J. Breazeale, Jill Avery, 2015-06-12. From the editor team of the ground-breaking *Consumer Brand Relationships: Theory and Practice* comes this new volume. *Strong Brands, Strong Relationships* is a collection of innovative research and management insights that build upon the foundations of the first book but takes the study of brand relationships outside of traditional realms by applying new theoretical frameworks and considering new contexts. The result is an expanded and better informed account of people's relationships with brands and a demonstration of the important and timely implications of this evolving sub-discipline. A range of different brand relationship environments are explored in the collection, including online digital spaces, consumer collectives, global brands, luxury brands, branding in terrorist organizations, and the brand relationships of men and transient consumers. This book attends to relationship endings as well as their beginnings, providing a full life cycle perspective. While the first volume focused on positive relationship benefits, this collection explores dysfunctional dynamics, adversarial and politically charged relationships, and those that are harmful to well-being. Evocative constructs are leveraged, including secrets, betrayals, anthropomorphism, lying, infidelity, retaliation, and bereavement. The curated collection provides both a deeper theoretical understanding of brand relationship phenomena and ideas for practical application from experiments and execution in commercial practice. *Strong Brands, Strong Relationships* will be the perfect read for marketing faculty and graduate students interested in branding dynamics, as well as managers responsible for stewarding brands.

Die Entwicklung des "Word-of-Mouth" Marketings zum "Eye-to-Buy" Marketing in der Mode Lennart Järvinen, 2018-04-03. Bachelorarbeit aus dem Jahr 2016 im Fachbereich Medien/Kommunikation/Public Relations/Werbung/Marketing/Social Media, Note 1,0. Fachhochschule L. Beck, Sprache Deutsch.

Abstract: Die Entwicklung vom Web 1.0 zum Web 2.0, dem sogenannten Mitmach-Web, bewirkte eine Machtverschiebung von den Firmen zu den Konsumenten. Der Benutzer ist jetzt nicht mehr nur Empfänger von Nachrichten, sondern kann selbst als Sender fungieren. Diese neue Macht des Kunden bietet für die Unternehmen sowohl Chancen als auch Risiken, die im Verlauf dieser Arbeit einer genauen Betrachtung unterzogen werden. Um einen langfristigen Vermögenswert zu schaffen können Marketer Onlinecommunities gründen oder sich bestehende Netzwerke zu Nutze machen und dann Konsumenten um ihre Mitwirkung bitten. Aus dem Konsumenten wird dadurch ein Prosument. Die Schnelligkeit der Märkte kann auch als Chance für das Marketing verstanden werden, um das Potenzial neuer Technologien und Kommunikationswege auszuschöpfen.
