SUCCESS)

How many of you have a Facebook or MySpace page? Do you have ring-back tones on your cell phone? What would happen if a potential employer or professor reviewed your profile or called your phone? Would their opinion of you change? The college environment provides a place for you to practice "real world" skills. A very important skill to learn in college is effective ways to present yourself.

This unit will examine how we communicate in professional settings by exploring communication competence and electronic etiquette.

Student Unit 6 - Student Learning Outcomes:

Understand the basic principles of professional communication etiquette

Understand the basic principle of communication competence.

Be able to recognize effective electronic communication etiquette. - answer Introduction and Student Learning Outcomes
