Kiss Of The Yogini:

Kiss of the Yogini David Gordon White, 2003-04 For those who wonder what relation actual Tantric practices bear to the Tantric sex currently being marketed so successfully in the West David Gordon White has a simple answer there is none Sweeping away centuries of misunderstandings and misrepresentations White returns to original texts images and ritual practices to reconstruct the history of South Asian Tantra from the medieval period to the present day *Kiss of the Yogini* focuses on what White identifies as the sole truly distinctive feature of South Asian Tantra sexualized ritual practices especially as expressed in the medieval Kaula rites Such practices centered on the exchange of powerful transformative sexual fluids between male practitioners and wild female bird and animal spirits known as Yoginis It was only by drinking the sexual fluids of the Yoginis that men could enter the family of the supreme godhead and thereby obtain supernatural powers and transform themselves into gods By focusing on sexual rituals White resituates South Asian Tantra in its precolonial form at the center of religious social and political life arguing that Tantra was the mainstream and that in many ways it continues to influence contemporary Hinduism even if reformist misunderstandings relegate it to a marginal position *Kiss of the Yogini* contains White's own translations from over a dozen Tantras that have never before been translated into any European language It will prove to be the definitive work for persons seeking to understand Tantra and the crucial role it has played in South Asian history society culture and religion *Hindu Goddesses* Lynn Foulston, 2009-07-03 Explores the diversity of Hindu goddesses and the variety of ways in which they are worshipped Although they undoubtedly have ancient origins Hindu goddesses and their worship is still very much a part of the fabric of religious engagement in India today This book offers an introduction to a complex and often baffling field of study ***Yogini's Stilettos*** Stutee Bhandari Raj, 2021-04-22 Namaste to all This is a quick pick me up self help book to collectively unite and evolve humanity verbally physically emotionally mentally and spiritually so that no pandemic ever shakes the balance of the coronial race in this era We rise to the occasion by wearing the right shoes Sometimes the circumstances of life call for a change of shoe and sometimes it calls for a change of path By changing our stance and gait we open ourselves up to a sea of exciting opportunities You wearing your fancy stilettos will end up twisting and hurting your feet walking on a path laden with gravel and stones If you walk on the path with the appropriate shoes then you can seamlessly and effortlessly tread the path laid out by your destiny Changing your shoes or your path requires an immense amount of self confidence courage and faith Once I knew my path the next obvious step for me was to slip into my stilettos to rise to the occasion Time has come for you to change into your happy shoes or ideal stilettos and transition to a state of unbound exuberance with balance positivity and ease Each of us is divinely gifted with a unique pair of magical shoes The fitting of the shoe decides the right choice you make I present to you this self help book empowering you to make healthy choices and to get rooted It gives you healing tips to celebrate yourself and others This way you too can realize your true potential and elegantly allow the energy to flow through your feet on the royal

The Hindus Wendy Doniger, 2009-03-19 From one of the world's foremost scholars on Hinduism a vivid reinterpretation of its history An engrossing and definitive narrative account of history and myth that offers a new way of understanding one of the world's oldest major religions The Hindus elucidates the relationship between recorded history and imaginary worlds Hinduism does not lend itself easily to a strictly chronological account many of its central texts cannot be reliably dated even within a century its central tenets karma dharma to name just two arise at particular moments in Indian history and differ in each era between genders and caste to caste and what is shared among Hindus is overwhelmingly outnumbered by the things that are unique to one group or another Yet the greatness of Hinduism its vitality its earthiness its vividness lies precisely in many of those idiosyncratic qualities that continue to inspire debate today Wendy Doniger is one of the foremost scholars of Hinduism in the world With her inimitable insight and expertise Doniger illuminates those moments within the tradition that resist forces that would standardize or establish a canon Without reversing or misrepresenting the historical hierarchies she reveals how Sanskrit and vernacular sources are rich in knowledge of and compassion toward women and lower castes how they debate tensions surrounding religion violence and tolerance and how animals are the key to important shifts in attitudes toward different social classes The Hindus brings a fascinating multiplicity of actors and stories to the stage to show how brilliant and creative thinkers many of them far removed from Brahmin authors of Sanskrit texts have kept Hinduism alive in ways that other scholars have not fully explored In this unique and authoritative account debates about Hindu traditions become platforms from which to consider the ironies and overlooked epiphanies of history
