Out of the Broom Closet (Book 3 Love Spells Gone Wrong Series) Ashlyn Chase, 2016-02-29 *New Directions in 21st-Century Gothic* Lorna Piatti-Farnell, Donna Lee Brien, 2015-04-24 This book brings together a carefully selected range of contemporary disciplinary approaches to new areas of Gothic inquiry Moving beyond the representational and historically based aspects of literature and film that have dominated Gothic studies this volume both acknowledges the contemporary diversification of Gothic scholarship and maps its changing and mutating incarnations Drawing strength from their fascinating diversity and points of correlation the varied perspectives and subject areas cohere around a number of core themes of re evaluation discovery and convergence to reveal emerging trends and new directions in Gothic scholarship Visiting fascinating areas including the Gothic and digital realities uncanny food experiences representations of death and the public media Gothic creatures and their popular legacies new approaches to contemporary Gothic literature and re evaluations of the Gothic mode through regional narratives essays reveal many patterns and intersecting approaches forcefully testifying to the multifaceted although lucidly coherent nature of Gothic studies in the 21st Century The multiple disciplines represented from digital inquiry to food studies from fine art to dramaturgy engage with the Gothic in order to offer new definitions and methodological approaches to Gothic scholarship The interdisciplinary transnational focus of this volume provides exciting new insights into and expanded and revitalised definitions of the Gothic and its related fields

**Gothicka** Victoria Nelson, 2012-05-08 The Gothic Romanticism s gritty older sibling has flourished in myriad permutations since the eighteenth century In *Gothicka* Victoria Nelson identifies the revolutionary turn it has taken in the twenty first Today s Gothic has fashioned its monsters into heroes and its devils into angels It is actively reviving supernaturalism in popular culture not as an evil dimension divorced from ordinary human existence but as part of our daily lives To explain this millennial shift away from the traditionally dark Protestant post Enlightenment Gothic Nelson studies the complex arena of contemporary Gothic subgenres that take the form of novels films and graphic novels She considers the work of Dan Brown and Stephenie Meyer graphic novelists Mike Mignola and Garth Ennis Christian writer William P Young

author of *The Shack* and filmmaker Guillermo del Toro She considers twentieth century Gothic masters H P Lovecraft Anne Rice and Stephen King in light of both their immediate ancestors in the eighteenth century and the original Gothic the late medieval period from which Horace Walpole and his successors drew their inspiration Fictions such as the *Twilight* and *Left Behind* series do more than follow the conventions of the classic Gothic novel They are radically reviving and reinventing the transcendental worldview that informed the West's premodern era As Jesus becomes mortal in *The Da Vinci Code* and the child Ofelia becomes a goddess in *Pan's Labyrinth* Nelson argues that this unprecedented mainstreaming of a spiritually driven supernaturalism is a harbinger of what a post Christian religion in America might look like
