Josephine Tey's *The Daughter of Time* is a masterful exploration of historical truth that melds mystery with a profound examination of human perception. Set within the confines of a hospital room, the novel features Inspector Alan Grant, who, immobilized by a leg injury, embarks on a cerebral investigation into the infamous Richard III and the accusations surrounding the murder of the Princes in the Tower. Employing a unique narrative style that blends vivid characterizations with insightful philosophical musings, Tey challenges the reader to reconsider accepted narratives of history while leveraging a sophisticated interplay between contemporary detective fiction and historical inquiry. Tey, whose real name was Elizabeth Mackintosh, was a Scottish author whose fascination with history was evident in her literary works. Her background in theater and her critical view of some historical accounts likely informed her approach to *The Daughter of Time*, as it reflects her belief in the importance of scrutinizing the past. By drawing parallels between the processes of justice in both fiction and reality, Tey encourages readers to engage critically with historical sources and the motives behind them. This incisive novel is highly recommended for readers who appreciate historical mysteries and thought-provoking literature that interrogates the nature of truth itself. Tey's argument that history often distorts fact makes this book not only an engaging read but essential for those interested in the intersection of history, ethics, and narrative. police officer's investigation into the alleged crimes of King Richard III of England. It was the last book Tey published in her lifetime shortly before her death. The title *The Daughter of Time* is a quotation from the work of Sir Francis Bacon: "Truth is the daughter of time, not of authority." Alan Grant, Scotland Yard Inspector, is feeling bored while confined to bed in hospital with a broken leg. His actress friend Marta Hallard suggests that he should amuse himself by researching a historical mystery. She brings him some pictures of historical characters aware of Grant's interest in human faces. The portrait of King Richard III intrigues him. He prides himself on being able to read a person's character from his appearance, and King Richard seems to him a gentle, kind, and wise man. Why is everyone so sure that he was a cruel murderer? With the help of other friends and acquaintances, Grant investigates Richard's life and the case of the Princes in the Tower, testing out his theories on the doctors and nurses who attend to him. Grant spends weeks pondering historical information and documents with the help of Brent Carradine, a likeable young American researcher for the British Museum. Using his detective's logic, he concludes that the claim of Richard being a murderer is a fabrication of Tudor propaganda, as is the popular image of the King as a monstrous hunchback.

Josephine Tey was the adopted pen name of Mackintosh, who was born in Inverness to Colin Mackintosh and Josephine in 1896. She attended Inverness Royal Academy and then Anstey Physical Training College in Birmingham. She taught physical training at various schools in England and Scotland but in 1926 she had to return to Inverness to care for her invalid father and began her career as a writer. Josephine was her mother's first name, and Tey was the surname of an English grandmother. Josephine Tey died on February 13, 1952. Mackintosh's best-known books were written under the name of Josephine Tey. Scotland Yard Inspector Alan Grant is the hero in five of her mystery novels and appears in her sixth novel *The Franchise Affair* as a minor character. In 1990, the British-based Crime Writers Association selected *The Daughter of Time* as the greatest mystery novel of all time. *The Franchise Affair* was 11th on the same list of 100 books. *The Daughter of Time* was the last of Tey's books published during her lifetime. A further crime novel, *The Singing Sands*, was found in her papers and published posthumously. About a dozen one-act plays and another dozen full-length plays were written under the name of Gordon Daviot. How she chose the name of Gordon is unknown, but Daviot was the name of a scenic locale near Inverness where she had spent many happy holidays with her family. Only four of her plays were produced during her lifetime. *Richard of Bordeaux* was particularly successful, running for 14 months and making a household name of its young leading man and director John Gielgud. Humorously, Tey writes of Inspector Alan Grant that he had in his youth seen Richard of Bordeaux four times; he had seen it. Proceeds from Tey's estate, including royalties from her books, were assigned to the National Trust.
